TO KIDNAP GIRLS

Two Men Brandishing Revolvers Dart Into Throng in Union Ave., New York

Seized and Attempted to Bear Off to Waiting Auto Two Young Girls

Mob Which Surged to Girls' Rescue Kept Off by Two Other Armed Men

NEW YORK, April 11.—Darting into a throng of pedestrians on their way to work, two men brandishing pistols created a panic on Union avenue today, when they seized and attempted to bear off to a waiting limousine Pauline Minore, 18, and her companion, Katherine Surarina, 16.

A mob which surged to the girls' rescue, was kept off by two other armed men as the victims, screaming and struggling, were dragged toward the machine.

When the police arrived two men escaped in the car. The others were caught after a fusillade of shots.

The prisoners were Tony Carnavolo and Vincenzo Garagola of Brooklyn. They were charged with attempted kidnapping.

DISHONESTY IN
VETS' BUREAU

Gen. O'Ryan, Counsel for Investigating Committee Discusses Survey

Predicts "Dishonesty on Pretty Large Scale Will Be Found Here and There"

WASHINGTON, April 11.—A prediction that "dishonesty on a pretty big scale will be revealed here and there" by the senate investigation of the veterans' bureau, was made today by General John F. O'Ryan, special counsel for the investigating committee on the basis of information gathered by him in a preliminary survey.

General O'Ryan declined to go into details but indicated his belief that to a great degree the method of handling large funds in the bureau had encouraged irregularities. He said that wherever evidence of criminal acts was uncovered, it would be laid before the department of justice.

ADJUSTING FIRE LOSS
Adjusters representing the insurance companies that held policies on the Mann school and contents went over the building today with Frederick F. Meier, adjuster for the city and Henry L. Williams, business agent of the school department, in an attempt to arrive at an accepted total of loss caused by the fire last Thursday night.

KIDNAP GUARDS
AND CHAUFFEUR

Maniacs Make Threatening Use of Smuggled Revolver in Dash for Freedom

Bind Two Guards and Locked Them Up After Taking Their Keys

Seize Two Other Guards and Institution Chauffeur—Two Released Later

POUGHKEEPSIE, N. Y., April 11.—In a running gun fight, three of the four patients who escaped from Matteawan state hospital, early today, were captured near Bent, Conn., early this afternoon. The fourth got away.

MAITTEAWAN, N. Y., April 11.—Four desperate and insane criminals made a spectacular escape from the Matteawan state hospital for the criminal insane early today.

In their break for freedom they made threatening use of a smuggled revolver, bound two guards and locked them up after taking their keys from them and kidnapping two other guards and the institution chauffeur.

The three kidnapped men were released several miles north of Poughkeepsie, but all traces of the fugitives were lost. The men who escaped were John Hawkins, New York, charged with first degree murder. He was committed to the hospital in November, 1920.

John Coffey, 25, New York, notorious fur thief, charged with grand larceny, first degree, and admitted to the hospital in March, 1920.

Marquis Curtis, 41, with a long prison record; admitted to the hospital in March, 1920.

MASS MEETINGS ON
INTERNATIONAL AFFAIRS

DES MOINES, Ia., April 11.—The first of two mass meetings on international affairs planned by the convention of the National League of Women Voters will be held tonight.

Secretary of Commerce Hoover will be the principal speaker and it is reported in messages received from Washington that he will sound the opening gun in President Harding's campaign for public support of the international court of justice.

The second mass meeting will be held Friday night, when Lord Robert Cecil, British proponent of League of Nations, Mrs. Thomas G. Winter, president of the General Federation of Women's clubs, and Mrs. Clifford Pinchot, wife of the governor of Pennsylvania, will be the speakers.

DRIVER OF CAR THAT KILLED OLIVER
BISSON IS ARRAIGNED ON
MANSLAUGHTER CHARGE

Elmore L. Pierce of Dracut, who yesterday afternoon admitted to the police after considerable grilling that he was the owner and driver of the Studebaker automobile which last Tuesday night struck and caused the death of Oliver C. Bisson, 80 years old, retired violin and cornet player and instructor, at the corner of Hall and Aiken streets and later disposed of the victim in a deserted spot off Webber street, pleaded not guilty to manslaughter in the district court this morning. He was continued in \$5000 bonds until May 11, pending the result of the inquest. The specific complaint lodged against Pierce reads that he "did assault one Oliver C. Bisson and such assault and beating did kill Oliver C. Bisson." Attorney James E. O'Donnell appeared for the defendant.

"RUM ROW" A
TANGIBLE THING

Supplies Much of the Liquor Being Smuggled Into U. S. Says Canfield

New Federal Prohibition Director for New York and New Jersey Plans Drive

NEW YORK, April 11.—"Rum row" is not a myth but is a tangible thing, supplying much of the liquor being smuggled into the United States, Palmer Canfield, the new federal prohibition director for New York and northern New Jersey has admitted.

The New York Herald published today an invitation of Mr. Canfield to newspapermen to accompany a party of prohibition enforcement officials who are arranging to visit the battery-dredge fleet anchored off the New Jersey and Long Island coasts.

"The liquor being consumed in restaurants here is coming from the fleet," Mr. Canfield said. "Before we can dry up New York, we must get to the source of supply and use a legal angle held in putting a stop to the flow of whiskey emanating therefrom."

DENY FISH DEALERS STAY
OF EXECUTION

WASHINGTON, April 11.—The supreme court today denied the application of Frederick M. Dyer and 14 other Boston members of the Bay State Fishing Co., for a stay of the execution of the sentence imposed upon them by the state courts of Massachusetts upon their conviction of having created a fish monopoly.

LESION CONTEST PRIZE
AWARDED TODAY

Miss Anna Heath, of 433 Lakeview avenue, a student at St. Michael's school, was presented a Hamilton gold wrist watch this morning by Mayor Walter R. Hayes as a fitting prize for the essay written by her on the subject of "How Can We Make Our Streets Safe For Our School Children."

The prize being given by the Lowell chamber of commerce.

The exercises were held in the lower part of the church with all the school children, their teachers, Mayor John J. Donovan and other guests.

OFFENDER'S INCOME MAY MEASURE FINES

STOCKHOLM, April 11 (By the Associated Press).—An unusual system of apportioning criminal fines to the income of the offender, as well as to the seriousness of the crime, is one of the unique provisions in the proposed revision of Sweden's criminal statutes which has been recommended to the government by the criminal law commission.

Attention often has been called to the unjust operation of fines fixed within narrow limits. To the wealthy

man such a fine in no way served as a deterrent, while to the poor man it often became a punishment out of all proportion to the seriousness of the crime.

The principle of the proposed amendment is that the punishment by fine for any given offense shall work with the same effectiveness upon persons of the two bases for fixing the fine, the income being that the amount is divided up into daily payments, instead of being lumped in one sum. The degree of gravity of the crime is to be indicated by the number of days used as multiplier in the calculation, while the other factor, the sum to be paid each day, will vary with the financial means of the offender. These amounts may vary from 25 cents to \$50 a day. The number of days shall not be less than one nor more than 30.

Another humanitarian principle in this provision is that the payments need not be made in unbroken succession, though there must be at least daily payments a month for any given conviction.

Whenever failure to pay the fine enforces the sentence may be commuted to imprisonment, though under the proposed amendment consideration will be given by the court to the question of whether such failure came through contempt, negligence, or was involuntary through unavoidable financial difficulties.

Another legal novelty in Sweden recommended by the criminal law commission is the treatment of those who have violated the law of the land in such a way that the offense does not involve moral turpitude or personal dishonor. Instead of being imprisoned or sentenced to penal servitude, such offenders shall simply be placed in detention or "custodia honesta," the Swedish term for this punishment being "arrest." The periods of "arrest" may vary from three months to life and the persons thus detained shall be cared for in institutions especially provided for them.

When and report at the next conference had been abandoned.

LONDON, April 10.—(By the Associated Press).—London is now completing its plans for the wedding of the Duke of York to Lady Elizabeth Bowes-Lyon on April 26. It is also looking forward to the marriage of Lady Mary Cambridge to the Marquis of Worcester some time in the summer.

BROOKTON, April 10.—Continuance to July 11 for formal hearing was ordered by Judge Oscar Madden in the case of Charles P. Holland and George E. Fisher, officers of the Plymouth County Trust Co., charged with unlawfully accepting fees of \$5,000 each for the negotiation of a loan of \$25,000 for Gilbert R. Pinney at their bank in February, 1920.

BOSTON, April 10.—Anna Baronowsky was sentenced to four months in the jail at Plymouth and Joseph Savitsky to two years at Alameda penitentiary by the federal district court today, as the result of recent counterfeiting operations by them at Lawrence.

CINCINNATI, April 10.—Senator Simeon D. Fess of Ohio, declared in a speech last night before the Hamilton club that President Harding will be re-nominated next year without opposition and will be re-elected by a large majority on the strength of the administration's accomplishments.

MOSCOW, April 10.—(By the Associated Press).—The fight of the Russian church to save itself from total extinction in the communist-directed, nation-wide campaign that is now being waged against orthodox worship and organized religion of all kinds will center at Moscow on April 15, when the first all-Russian church convocation since the bolshevik revolution is scheduled to meet.

Higher clergy who believe it possible for religion to exist side by side with the non-religious communist government, have called the assembly, with the consent and support of the government. In hope of finding a way out of the difficulties that hedge in the church as a whole.

WASHINGTON, April 10.—President Harding has received informal assurances from the tariff commission that the new tariff law has had no effect on the price of sugar. It was indicated at the White House today that the commission would confer with him on the subject some time during the week.

NINE STATES JOIN MASS.

Friends of Court in Case to Challenge Constitutionality of Maternity Law

WASHINGTON, April 10.—Nine states—Arizona, Arkansas, Colorado, Delaware, Indiana, Kentucky, Minnesota, Pennsylvania and Virginia—filed in the supreme court today, a joint brief as friends of the court in the case brought by the state of Massachusetts, to challenge the constitutionality of the maternity law.

The issue presented in the international court proposal it was said, had in the opinion of the president, been somewhat belated by the friends of the league who endeavored to find in it a possibility of joining the United States into the league.

MEXICO CITY, April 10.—Yucatan's "Red Mondays" when the socialists gather to hear speeches and witness public weddings—were among the phases of the new governmental experiment in the southernmost part of the country which has attracted the attention of D. Alfredo L. Pulido, the Argentine socialist. He was back in this city today after several weeks' tour in the state.

"Red Monday" is observed weekly. Senator Pulido said, he asserted that he knew of no other place in the entire world where so many socialistic experiments are actually being practiced as in Yucatan.

"RED MONDAYS" WEEKLY

Many Socialistic Experiments Being Practiced in Yucatan

BOSTON, April 10.—Private Ralph H. Nordstrom of Gloucester, a general prisoner under charges of desertion and fraudulent enlistment, was shot and killed by Private Edmund Ridout of Cambridge, a sentinel who had him in charge at Fort Devens today. The official report says that Nordstrom started to run away, that Ridout called to him twice to halt, running after him each time, and fired once when he refused. The bullet struck Nordstrom in the head and he died 10 minutes later.

Ridout was placed under arrest and Major Charles H. Rich, in command of the Fort, applied a board of officers to investigate the shooting. Both men were members of Company H, 13th Infantry.

SHOT BY SENTINEL IN ATTEMPT TO ESCAPE

BRIEF BUT IMPORTANT WIRE DESPATCHES

LONDON, April 10.—Several European women are being named as possible successors to Mrs. Currier Chapman Catt as president of the International Woman Suffrage Alliance. Mrs. Catt, who has held the position since 1904, will resign at the congress of the alliance soon to be held in Rome.

NEW YORK, April 10.—A deficit of \$2,072,330 after paying dividends of \$1,500,000 on preferred stock is reported by the International Paper company, for the year ending Dec. 31, 1922. The deficit in 1921, was \$8,912,590.

BOSTON, April 10.—Lee may not be any cheaper this summer, but it won't cost the Boston consumer any more than it did last year, C. L. Votter says so.

ALBANY, N. Y., April 10.—Attorney General Sherman today asked the appellate division of the state supreme court to vacate an injunction which restraining his investigators from obtaining documentary evidence which may have a bearing on the slaying of Clarence Peters of Haverhill, Mass., by Walter S. Ward.

MOSCOW, April 10.—(By the Associated Press).—The trial of the Moscow Rev. Dr. Tikhon, former patriarch of all Russia and Metropolitan of Moscow, has been postponed until April 17.

SANTIAGO, Chile, April 10.—(By the Associated Press).—Announcement that the meeting of the anti-American conference which had been scheduled for this afternoon had been postponed until Wednesday, gave rise to rumors that the plan for appointment of a special committee to consider the argument ques-

PUTS LID ON CANDIDACY STATE BLOCKED AT EVERY TURN IN WARD CASE

Pres. Harding Will Stay at Home if People Call Trip Political

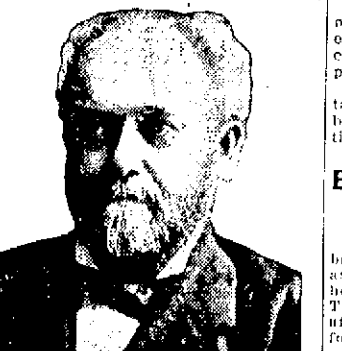

WASHINGTON, April 11.—President Harding took occasion yesterday to let it be known emphatically that he regards the present political discussions as to his candidacy in 1924, as most premature, and furthermore, that he will forego his contemplated western trip rather than make it as a political lever.

Upon the diminution of political talk depends whether the president will make the trip he is planning to the Pacific coast and Alaska during the summer. He was said to be making all plans for the trip, starting about June 20 and reaching Alaska about July 10, but he also was said to prefer remaining in Washington, "in communion with Laddie Boy," in a trip which would put him before the people as a candidate for re-election.

The discussion of the proposed trip brought out that the chief executive, feeling that his visit to Panama prior to his inauguration had aided him greatly in dealing with matters relating to the Canal zone, was extremely anxious to get first hand information as to conditions in Alaska.

To make this information available to those directly concerned with the administration of Alaskan affairs, the president, it was said, proposed to take several members of his cabinet with him. The White House spokesmen did not say what cabinet members would accompany the executive but Secretary Work of the interior department recently made the statement that he and Secretary Wallace of the agriculture department probably would visit Alaska, during the summer, and it was officially intimated yesterday that Secretary Hoover, of the department of commerce would be a member of the presidential party.

With respect to the portion of the

Fifty Years Ago

A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription," and placed it with the druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged down by weakness of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce, called An-uric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.—Adv.

ALBANY, N. Y., April 11.—State investigation of the alleged slaying of Clarence J. Peters, ex-marine, by Walter S. Ward, millionaire baker's son, blocked Monday when Ward's counsel obtained an injunction, restraining use as evidence of cablegrams which passed between Ward and his family, received another setback yesterday when the Western Union Telegraph Co. failed to turn over the documents upon vacating of the injunction by the appellate division.

The vacating order, Attorney General Carl Sherman declared last night, was obtained by the state expressly to permit use of the cablegrams as evidence. They purported to show, he explained, that Ward, shortly before Peters' body was found, sought to negotiate a substantial loan through the Ward Baking company interests.

"The public ought to know that after the vacating of the injunction and the issuance of a new subpoena, demanding the cablegrams, the Western Union Telegraph Co. has not yet complied," he declared.

"It doesn't seem to me that the Western Union should fight the battle for Ward."

The cablegrams passed between George S. Ward, father of Walter, who is alleged to have shot Peters, and Ralph Ward, Walter's brother, while the father was in Europe. Testimony given by Ralph Ward a week ago, disclosed that the subject of the cables was a request by Walter that the Ward Baking company advance him a loan of between \$50,000 and \$100,000.

The elder Ward first cabled his consent to the loan, Ralph testified, but the same day sent another cable telling Ralph that if the money was to be used to pay blackmailers, Walter could not have a cent. Ralph was unable to learn from Walter what the money was to be used for, so did not advance it to him, his testimony disclosed.

"The state investigators have known of the existence of the cablegrams ever since they started on the Ward case," Attorney General Sherman explained.

"Every effort has been made to obtain copies of them, but the state has been blocked at every turn," he continued.

BON MARCHE PARTY THIS EVENING

The springtime party of the members of the Bon Marche Association of the Bon Marche will be held this evening in the hall of the party will start with a concert, after which dancing will be in order for the remainder of the evening.

Ordinarily this association just holds an annual party each year but the last one was so decidedly a success that the springtime affair was arranged for. This will be an informal affair, the young women will appear in their spring finery and the hall will be decorated fittingly for this season of the year.

Those participating in the concert are as follows: Henry Boy quartet; Misses Lena and Mary Olson, in dance specialties; Ella, Lena and Mary Olson in vocal solos; the Green sisters in a dancing specialty and Raymond Kelly and Charles Keyes in songs.

The officers in charge of the party are: Miss Margaret Chisholm, general manager; Vina Gerrity, assistant general manager; Kathryn Sparks, treasurer; Florence Gallagher, floor director; and Kathleen Jarrett, assistant floor director.

The president was said to be determined to make his addresses of a non-partisan nature and although the subjects have not been decided upon, it was asserted to be safe to assume that they would include some of the more important national problems such as the railroad and transportation question.

NOVEL SHOWING
GIVEN BY BUICK

Fred S. Emerson of the Lowell Buick company has recently received a clipping from a San Francisco newspaper which tells of a novel demonstration of the efficiency and safety of torque tube construction in a Buick car. The demonstration was given during auto show week in San Francisco.

an immense steam roller weighing in excess of two and one-half tons. It was a Buick automobile and the stunt was performed to illustrate the reliability of the torque drive regardless of what happened to the rear springs.

ANY MORE ROOM
ON THE HIGHWAYS?
The greatest month in the history of the automobile industry has just been passed. This is established in the report to the directors of the national automobile chamber of commerce, the production of passenger automobiles and trucks in March totaled 316,000.

LIAM LYNCH, IRISH REBEL
LEADER, DIES

DUBLIN, April 11. (By A. P.)—Liam Lynch, chief of staff of the irregular forces, wounded and captured by Free State troops yesterday morning, died at 8:15 o'clock last night.

The death of Liam Lynch is regarded here as heralding the final collapse of the irregulars. Lynch was a dominant figure in army councils. He has been a powerful influence over Eamon de Valera with whom he worked. Both men signed all important decisions and virtually constituted the republican directorate.

Lynch was captured by the Free State forces yesterday morning at Knocknasharra near Newcastle, after an engagement in which he was seriously wounded.

Yesterday afternoon an additional catch of captured republican correspondence was made public at the Free State army publicity bureau. Among the communications was a letter from Eamon de Valera complaining that Lynch was not sending him reports and that "his silence is ominous." In the letter de Valera defined his own attitude as a rejection of the truce offer, no matter what the consequences.

Lynch, in one of the captured letters, referred to the recent publication of his communications to Sean Moylan, who is now in New York. Among the letters published is also one from the republican officer commanding in Great Britain, describing the organization there as pretty hard hit by arrests of republicans there. It added that the adjutant general was particularly concerned with devising a safe means of corresponding with America.

Pence Plan Sent to De Valera
LONDON, April 11.—The Dublin correspondent of the Press Association, reporting a meeting of the hierarchy, which followed several days of private discussions among individual bishops, says it is understood some tentative proposals looking to peace have been submitted to Eamon de Valera and Austin Stack, the republican leaders. The proceedings yesterday were private, and no statement was issued, but, according to the correspondent, a genuine feeling prevails, especially as a secret meeting of the republican executive committee was in progress at the same time not far distant.

Serious Blow to Irregulars
DUBLIN, April 11. (By the Associated Press) The death of Liam Lynch, who succumbed last evening to wounds received when he was captured by Free State forces near Newcastle yesterday morning will be a serious blow to the irregulars. It is believed here, Lynch, is chief of staff

leather, feather mattress, clothes closet, white enamel sink, aluminum lined recess for stove, two cupboards under sink and stove recess, portable collapsible table, hot and cold water connections, cold water storage tank. Besides, there's a package rack, two dome lights, nickel-plated brass and glass fittings, door at the rear and side, with step and tire rack, two removable leather seats, and so on and so on. You may even install a radio set, if you wish. Altogether, the "bungalow" makes a good, comfortable road home for summer travelers. It is built in two sizes, one for highway travel a little wider and higher than the other for billy side, with step and tire rack, two

Shooting in Various Parts of Memel

MEMEL, April 11. (By the Associated Press.)—Shooting has occurred in various parts of Memel in the course of the last two days, but no casualties have been reported. Further detachments of Lithuanian infantry and cavalry arrived on Monday and several arrests were made. Some of those taken into custody were removed to Kovno, while others were deported from Memel territory. It is announced that as a result of negotiations between the Lithuanian high commissioner and the German strikers, the general strike will end today. The shops are also expected to reopen.

Move to Induce King's Laborers to Strike

LONDON, April 11.—The latest development in the Norfolk farm strike is the attempt made yesterday by union officials to induce laborers on the king's estates to quit work. Apparently satisfied with their conditions of employment, His Majesty's workers have hitherto refused to strike. As yet they have given no clue to their attitude toward the persuasions of the union, but they are expected to show their hands at the end of the present week.

Lightship Which Sank March 6, Floated

NEW BEDFORD, April 11.—Lightship No. 90 which sank off Nashawena island March 6, was floated at five o'clock this morning and towed into this port by tug guardsmen. A crew of 50 men of the Merrill, Chapman, Scott Wrecking Co., had been trying to float the vessel since March 7.

Is Your Trouble In Your Head?

Are you going deaf? Do you have Head Noises, which at times almost drive you frantic? Do you have discharging Ears—the consequences of which are well known to physicians? Are your nostrils clogged? Do you have drooping into the throat? Is your breath offensive? Do you have Catarrhal Headaches? Does your throat get dry and sore? Do you have any other symptoms of Catarrh? If you are afflicted with any of these conditions, use RESOLINE.

This standard preparation has been prescribed by physicians since 1908.

RESOLINE, with full directions on bottle, can be obtained at drug stores. If your druggist hasn't it ask him to get it for you.—Adv.

COUNCIL WILL ASK PERMISSION TO BORROW \$700,000 FOR SCHOOL PURPOSES

Members Vote in Favor of New School Building for South End District—Nomination of Hon. Dennis J. Murphy as Member of Public Service Board is Confirmed

The municipal council at a meeting held last night, went on record as favoring the erection of a 25-room school house in the South End district, and voted to ask permission from the legislature to borrow \$700,000 beyond the debt limit for school purposes. Hon. Dennis J. Murphy's appointment as a member of the public service board was confirmed and the matter of a wage increase for the employees of the ash department was referred to the mayor.

Members of the board of health filed a request for a wage increase for the yard men and this, too, was referred to the mayor. The ordinance of councilor Lambert for the creation of a board of public works was referred to next year's government, while that of Councilor Daly for the retention of the public service board was referred to the committee on ordinance.

The sum of \$66,000 for the erection of bridges was adopted and orders aggregating \$150,000 for sewer and street work were ordered advertised. Several residents of the South Lowell district spoke in favor of improvements to Lawrence street. Funds were drawn for the superior court and other business was transacted.

Meeting in Detail

The meeting was called to order at 8:08 o'clock with President Gallagher in the chair. Several petitions relative to streets and sewers were read and referred. Rev. J. B. Labossiere and others petitioned that the name of Perry Lane be changed to St. Louis ave, and the matter was referred to the board of public service. Several other petitions relative to garage and gasoline and pole locations were also read and referred. Several claims for personal injuries and damage to property and automobiles were presented and referred to the city solicitor.

The Colonial Filling Station, Inc., was granted permission to maintain a garage and filling station at the junction of Varnum avenue and Pawtucket boulevard.

A communication was received from the public service board requesting a supplementary budget for the department to increase the wages of the employees of the ash department to \$5.20 a day.

James J. Bruin, counsel for the ash department employees, speaking in behalf of the men, said for the past few months they have worked between 10 and 16 hours a day without extra compensation, while the men employed on the dumps do not quit work until after 6:30 p. m. any day. He further stated that they receive 70 cents a day less than other city laborers, while they also have to work on all holidays.

dening of the street and the remainder to be used for park purposes. He further stated if the city were willing to move the barn and carriage shed to the cemetery proper, all the land would be deeded to the city.

Richard Sykes told of the bad conditions existing in the district, and said the public service board has block paved the approaches to the bridge. He said there are Catholic and Methodist churches in the district and all that is needed now is a good street to get to the district.

"We don't ask much and we have been patient for years. The road is in a deplorable condition. We only ask you to lay out the road between the two bridges this year. We were promised the work would be done this year, but it is not included in the program of the public service board." He concluded by making an appeal for

HON. DENNIS J. MURPHY

the smooth paving of that section of the street extending between the two bridges.

The next speaker was Rev. John Singleton, pastor of the Lawrence P.M. church, who stated that after a rain storm the street has the appearance of the shelled area of France. He said automobiles on the street are in constant danger of being damaged.

Mr. Sykes stated the Rev. Guillaume Ouellette, O.M.I., former pastor of St. Mary's church in South Lowell wished to be present to protest on the condition of the street, but was unable because of a mission going on at the church.

BRAVED LIONS FOR SISTER

Alfred Garcia, 15, of London, was watching lions in a cage when a spectator offered him 50 pounds to enter the cage. The boy accepted the challenge to gain money for an operation for his crippled sister, Esther, 13. The surgeon who performed the operation refused to accept a fee.

WOMEN VOTERS' LEAGUE

Male Observers Attend Session—Three-Minute Speech Rule Lived Up To

DES MOINES, Ia., April 11.—Male observers attending the sessions of the National League of Women Voters

COUGH SO BAD THAT HE SPAT BLOOD

Right Lung So Sore He Could Not Lie on Right Side

Mr. Thomas Nickerson, formerly of 24 Flint street tells how he was cured of a racking cough and sore lungs by using Allen's Lung Healer. "I had a bad case of pneumonia, which left me with an awful cough. My right lung was so sore that I could not lie on my right side at all. When I had a bad spell of coughing I would spit up blood. Having used Allen's Lung Healer before, I began to use it again and I am thankful I did. I took three and a half bottles and am glad to say I was entirely cured. I can't say too much for it as a great lung healer."

Allen's Lung Healer is sold in Lowell by A. W. Dows & Co., 222 Main St., E. R. Brunette, H. B. Campbell, Lowell Pharmacy, J. J. Brown, Wm. H. Norton, T. C. Walker, Fred Howard, F. H. Butler.—Adv.

here are convinced that the theory that women are inquisitive is a fallacy.

At the opening session yesterday a three minute speech rule was adopted and lived up to by every speaker. There were no cries of "buzzer" usually heard at conventions attended by men. Delegates quietly raised their hands when they failed to hear the speaker.

A curious classification of the convention delegates yesterday disclosed that of the 600 or more women from all parts of the country who are in attendance, those with bobbed hair are in the minority.

A large supply of birth control literature appeared but was not circulated. An effort to get the convention to go on record as favoring birth control is not expected to meet with much encouragement, in the opinion of various leaders, who say the subject is not one for such an organization as the league to act upon.

Legion Head Flays Bureau

partment and launched into a bitter attack upon what he termed the political inefficiency of the bureau. "The Legion seeks to renew the thought of America's debt to her ex-soldiers and stands for an honest, straightforward sympathetic treatment of her veterans," he said. "There must be a end to the corrupt exploitation of the veterans' bureau. Unbelievable as it is, it is that responsible leaders in high positions would harbor and trade for political gain, while men with broken bodies and shattered minds continue to wait hopelessly for deserved and promised success, we have Colonel Forbes, himself an authority for the statement that partisan politics has been practiced in the veterans' bureau. "We must immediately demand and secure from the proper authorities a simple and unequivocal pledge that there will be no more of such political dealing where the welfare of veterans is concerned."

Council Asks Permission To Borrow \$700,000

Continued

of the district, also spoke in favor of the improvement. Other speakers were Robert Catherwood, William Hodgson, Arthur Brin, president of the South Lowell Improvement Association, Cyril Menard who is in the trucking business, invited the council to take a ride in his truck over Lawrence street and he said if they do not get a headache he will buy them a good dinner.

William Robinson and Joseph A. Plante also spoke, the latter being introduced as the "deputy mayor" of South Lowell, who stated all the residents of the district are looking for a fair play. At the request of Mr. Sykes about 75 men voiced their approval by standing up.

Councillor Daly said this is the second session of a dramatic act set forth by the residents of South Lowell, and no stage-door could play the part better. He said all they are asking is to be heard. "This meeting is not being held," he continued, "for the purpose of intimidating the council to do things that the public service board did not deem advisable to do."

Mr. Daly then presented a motion requesting the public service board to include in its program for 1923, the smooth paving of that portion of Lawrence street, requested by the residents of the section and to report to the council at its earliest convenience.

Councillor McFadden said he believed before the street is paved the sewer that empties into the Concord river should be connected with the city sewer. He made reference to and criticized the police and fire protection in the district. The motion was unanimously carried.

Increase for Ash Men

The matter of the wage increase for the ash men was again taken up. Mr. Gallagher read a part of the charter to the effect that the council has no power in increasing wages for subordinates of departments. He said he thought the best procedure was to send the communication to the mayor. Mr. Cosgrove said the council might just as well not be in office if it cannot appropriate money. "We are simply a dumbbell," he said, "although we are held in strict account for all money spent."

Mr. Gallagher said the council has a right to change matters when not going right. He said the duties of the council were merely legislative.

"At that rate," said Mr. Cosgrove, "we could do our work in one night, appropriate \$5,000,000, turn it over to the other fellows and have them spend it."

It was voted to refer the communication to the mayor.

Arthur F. Safford notified the council he will serve on the committee to investigate fire protection in the Belvidere, Oaklands and other districts. A similar communication was received from John S. Caldwell.

\$700,000 for New School

A communication was received from the school board requesting that the legislature be petitioned for permission to borrow \$700,000 beyond the debt limit for school purposes.

Thomas B. Delaney said the business agent, the superintendent of schools and the mayor were delegated to represent the board at the council meeting, and that he, Dr. Slaughter and Mr. Brin, three members of the board, were not present in an official capacity, but simply because they were interested in the creation of a new school in the South End district. He reviewed the work of a special committee of the school board in relation to the project and also made reference to the vote passed by the board at its last meeting relative to a loan of \$700,000 beyond the debt limit.

He said the city government has been very generous in voting money

for schools in the Highlands, Centralville and Pawtucketville, but for some thing of other has never done anything. He made reference to the junior high school system and he urged the council to give the project a most earnest consideration. He said the children have no vote, but they have a voice, a body and a soul; they are the citizens of tomorrow and should be given some consideration.

Mr. Brin stated that he hoped the council would act on this matter and not quickly.

Dr. Slaughter stated that the Edison school is undesirable and has been condemned by the state, and something should be done at once. She said she favored the erection of a 35-room building in the district, for the children of the district should be given the best there is.

Councillor Lambert said he believed the district should have a new school, but he did not think it advisable to be too hasty in the matter.

Mr. Safford said if the erection of a 35-room building would eliminate the Ames street school, the Colburn, the Lyons street school and other schools in the district, and the reply that the sale of the schools mentioned would yield \$1,100,000 for the city and that would help in defraying the cost of the proposed new school.

Mr. Cosgrove cited the various buildings in other parts of the city including the "new high school built on a lot at the mill gates," but there is nothing in the line of civic buildings in the South End district.

Mr. Safford moved that the city council approve the request of the school board.

Speaking on the motion Councillor Stearns said he believed in the needs of the district, but did not feel that hasty action should be taken. He cited the words of Representative Ash at the school board hearing last Thursday night, to the effect that it would be useless for the city to undertake to carry out such a project outside the debt limit this year. He believed the council should wait until a formal report is received from the school board relative to the site, the nature of the building, and its cost.

Mr. Stearns offered an amendment to the motion that the matter be postponed.

Mr. Lambert called attention to the fact that \$700,000 would only cover the erection of the building, nothing being said about the purchase of land.

Mr. Safford argued in favor of his motion on the ground that the parents of the district are asking for a new school. On a vote the amendment was defeated, and the original motion was carried.

Mr. Stearns moved that the names of the councilors who voted in favor of the motion and those opposed be attached to the motion. A roll call was then taken on the original motion, with the following results: Councillors Cameron, Chaffwick, Christian and Stearns voting in the negative and Councillors Cosgrove, Daly, Fitzgerald, Gallagher, Hennessey, Lambert, McFadden, Morris and Safford in the affirmative. Messrs. Gossard and McFadden were not present.

Sewers and Paving

Orders for appropriations of \$100,000 for the laying of sewers, macadam pavement, permanent pavement and sidewalks were ordered advertised.

An order for an appropriation of \$50,000 for the construction of bridges was adopted.

An ordinance for the establishment of a board of public works consisting of three members, filed by Councillor Lambert was read by the mayor and confirmed by the council. The ordinance calls for the abolition of the present public service board.

Mr. Lambert moved that the ordinance be referred to the committee on ordinances. Mr. Cosgrove moved as an amendment that the ordinance be referred to next year's government and it was so voted.

Traverse Jurors Drawn

Councillor Fitzgerald drew four jurors to serve as traverse jurors at the superior court now in session in this city as follows:

Arthur Lavoie, 114 Ford Grocer; Frederick H. Desmond, 195 Stackpole.

clerk; Anthony P. Dragon, 30 Sarah avenue, collector.

Raymond J. Lavell, 252 Appleton, advertising solicitor.

An ordinance to retain the public service board was filed by Councillor Daly and read by President Gallagher. Mr. Gallagher said he could see no necessity of such an ordinance.

Mr. Daly stated that his action was in accordance with the request of the mayor, and he moved that it be referred to the committee on ordinances, and it was so voted.

Murphy's Nomination Confirmed

Mr. Daly moved that the nomination of Dennis J. Murphy as a member of the public service board be taken from the table and it was so voted.

Mr. Daly moved that Mr. Murphy's nomination be confirmed as of January 16, 1923, and the motion was carried unanimously.

A communication was received from the health department asking that the wages of the yard employees be increased to \$5.20, and the communication was referred to the mayor.

An order for the transfer of \$10,000 from the general treasury fund to the police department to provide for the appointment of permanent police officers was adopted.

World Erect Monument

The petition from the Street Car-men's union for permission to erect a monument at William Gallagher square was taken from the table and President Boyle of the union said the organization feels that inasmuch as the late Mr. Gallagher was a member of the union, something should be done to honor his memory. He stated the monument would cost between \$2500 and \$3000. He said the union would like the removal of the watering trough and electric light pole, which are now at the square. He said the monument will be a credit to the city of Lowell and the union.

Patrick J. Fells, another officer of the union said the undertaking is a big one but will be carried through on motion of Mr. Safford the council went on record as favoring the proposition.

Councillor Stearns called attention to the fact that some of the street gas lights of the city are not burning as they should. He stated that during the first five days of March there were 11 lights out and during the last 10 days there were 110 out. It was voted to instruct the city clerk to communicate with the officers of the Lowell Gas Light Co. on this matter.

The sewer assessments for the year as submitted by the superintendent of streets were approved. The meeting adjourned at 11:30 o'clock.

Essay Contest Prize Awarded Today

Continued

Donovan, Major Walter R. Jones, and Mrs. and Mrs. Thomas A. Heath, the parents of the prize-winner, presented the program opened with the singing of "Holy God," by the children, followed by a short address by the mayor. He complimented the school and Miss Heath upon their success. Miss Anna Heath then read her prize-winning composition to the assembly. Following the singing of "The Cross and the Flag" by the school, Major Jones was introduced by Mr. Lynch. He told of how the chamber of commerce yearly runs a contest about Lowell day and how he had, this year, taken the matter up with the chamber through its secretary, manager, George F. Wells, and induced them to encourage safety. He then complimented the school for having the prize-winner among its students, and congratulated Miss Heath for her very good essay, and presented to her as the award given by the chamber of commerce, the wrist watch, saying that she could, as it ticked off the seconds, the minutes and the hours, remember that she had done something.

or shown a way, in which the danger to children on the streets could be lessened.

It was voted to advertise the order. Mr. Daly called attention to the recommendation voted by the council some time ago that the mayor be requested to transmit a written recommendation for the installation of 4000 at the Moody and Seymour schools, and he moved that the amount be changed to \$7500. It was so voted.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of mess.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly.

You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrant, and you appear years younger.—Adv.

Any breaking out of the skin, even fiery, itchy eczema, can be quickly overcome by applying a little Menthol Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, and leaves the skin clear and smooth.

It seldom fails to relieve the torment and discomfort suffered from skin trouble should get a little jar of Menthol Sulphur from any good druggist and use it like a cold cream.—Adv.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor
SUN-BUILDING, LOWELL, MASS.
Member of the Associated Press

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or otherwise credited in this paper and also the local news published here.

THE HOUSING PROBLEM

The Sun learns that a movement has started for an increase of rents particularly in the poorer class of tenements. For this there seems to be little or no excuse and it is due to an effort on the part of the owners to gouge the last cent possible from their tenants, then it may be necessary to do something to protect such tenants as can neither pay the increase nor find a tenement elsewhere.

The housing shortage has not yet been overcome in this city and the tearing down of the Saco-Lowell tenement property will cause 75 families to go out in search of locations elsewhere. This is quite a serious matter and it is difficult to see how or where these families will find suitable domiciles if driven from their present homes.

The discouraging feature of the housing situation is, that there is little prospect of immediate relief as the high cost of building operations and the difficulty of getting material have caused many proprietors to postpone building plans they had arranged for the coming season.

If property owners should take advantage of this situation to raise the rents, as some are already doing, the conditions would become sufficiently serious to call for intervention by city or state authorities. No family should be forced out without having secured some suitable home in which to locate.

THE GASOLINE TAX

The Automobile Legal Association has entered a strong protest against the proposed two cent tax on gasoline. Statistics are given to prove that already motor vehicles are taxed to the limit and that any tax over 1 cent a gallon on gasoline would result unjustly from the owners of such vehicles. From 1912 to 1920 the increase in percentage of the maintenance of government amounts to 77-10ths but the increase in the percentage of highway costs is less than 1 per cent, while the increase in the number of motor vehicles was 170 per cent. Last year, as reported above, the state tax was reduced by \$2,600,000 and this was made possible by the fact that the fees for motor vehicles were paying the cost of state highway construction. It is further shown that motorists in Massachusetts bear 74 per cent of the cost of maintenance, repairs and construction of highways, while in Rhode Island they pay 60 per cent; in New Hampshire 52 per cent; Connecticut 49 per cent; New Jersey 37 per cent; New York 25 per cent; Ohio 16 per cent. In addition to this the increase in registration fees in the past four years including car fines, was almost doubled, being \$2,374,729 in 1919 and \$4,885,463 in 1922. This statement also shows that the average tax rate for 1922 was \$27.49 on motor vehicles and that the total tax paid, including excise, property tax, excise tax on tires, and registration fees, amounted to \$22,444,705. It is estimated that a one cent tax on gasoline will produce a revenue of \$2,500,000 annually, and that any larger burden would be not only unreasonable but unjust and unnecessary. It would seem, therefore, that the owners of motor vehicles are justified in sternly opposing a two cent tax on gasoline where a one cent tax is simply sufficient for the purpose intended and is the limit to which any equitable system of taxation should go.

THE DATE OF EASTER

Editor Sun: Dear Sir: As a Worcester clergyman has made the statement that the Easter festival this year was observed a week too soon, will you please inform me as to how the date of Easter is settled and by what authority. By so doing you will much oblige.

Yours,
J. V. M.

Ordinarily the date of Easter falls upon the Sunday after the full moon after the 21st of March, which is the vernal equinox and the beginning of the ecclesiastical year; and if on a Sunday, then Easter is observed on the following Sunday.

Inasmuch as the full moon this year fell upon April 1, the contention arose that Easter should have been observed one week later. It appears, however, that the full moon referred to is not the moon that we see in the sky but the ecclesiastical, or calendar moon, the changes of which differ slightly from those of the real moon. The calendar moon precedes the moon we see in the sky and its cycles are found, not by watching the real moon, but by consulting an ecclesiastical table. This arrangement as applied to the present year shows that while the moon was full at 8:13 a. m. in this longitude on April 1, the day dawned earlier upon European Christians than on us in America and still earlier upon the Christians in the far East, the difference being one hour of time to every 15 degrees of longitude, or about five hours between Washington and London and so on. As the moon moves daily about 12 degrees eastward she would not be in exactly the same position as regards the sun when Easter dawned on the Christians of Asia or Europe as when the sun arose in the United States. In order then that all the world over may observe Easter on the same day, an ecclesiastical moon is adopted which slightly anticipates the real moon and this very artificially led to the controversy.

MINIMUM WAGE LAWS VOID

Minimum wage laws go toppling down all along the line as a result of a decision of the United States supreme court declaring void a minimum wage law for women and children of the District of Columbia. This decision affects 12,000 women and minors in the District of Columbia and the number who will be affected in the various states in which such laws are in operation cannot be estimated.

The majority opinion says the minimum wage law is a price fixing act and, therefore, an abridgment of the right of contract. Chief Justice Taft, Justice Holmes and Justice Sanford, who dissented from the opinion of the majority, held that it is a police measure designed to protect the public health, morals, safety and welfare of the people. Justice Brandeis took neither side of the controversy.

It is to be regretted that such a safeguard against abuse of women and children should be abolished; but

SEEN AND HEARD

Growing old is a bad habit. Keeping it up will kill you.

A reformer gets mad when he can't think of anything worse.

There are not so many bootleggers, says an officer. Perhaps they worked themselves to death.

Pupils in the Carr school, Ballville, O., decided when their teacher became sick not to go home as usual but to organize their classes with the older pupils acting as instructors.

The first "air lighthouse" at Mitchell field, New York, has been pronounced a success by army officials. It will flash in Morse code the first letter of the field's name at 10-second intervals for the guidance of night fliers.

The New York police are confident that they will find Miss H. J. J. who disappeared from the home of John P. Freund because she is six feet, two inches in height and wore bright yellow army shoes, size 13.

A city planning weather map, the only one of its kind ever produced, which shows the best residential districts of Worcester from a climatic standpoint, has been completed by Prof. Charles F. Brooks, of Clark university.

Firm as a Rock

"There," he said, as he surveyed the clothes post, which had taken him the best part of the afternoon to fix in the garden, "that's as firm as a rock. Even the combined forces of the elements cannot bring it down. Later in the day he found the pole on the ground. "Did you do this?" he demanded of his eight-year-old son. "No, father," was the reply; "a sparrow perched on it. I saw it myself."

A Lesson Learned

While the McGraw-Hill home after his first day at school, his father asked the young scholar what he had learned. "I learned to say 'Yes, ma'am' and 'No, sir' to me neither and neither," replied the boy. "Did you, indeed?" said his father. "Yes," responded Willie—Baltimore Scotsman.

Intentional

"Did you ever meet with any accidents?" inquired the insurance agent of the couchman who had applied for a policy. "No," said the puncher, then adding apparently as an afterthought, "I once kicked two of my ribs in one time and a radium cake bit me on the leg a couple of years ago."

Capital Jokes

This introduces U. S. Representative James A. Gallivan. Pretty nearly everybody in this neck of the woods knows Jim. He told this one to some Washington cronies: There was an election coming, and in my hawliwick, the election, I didn't seem to be exactly interested. Meeting an old woman, I said: "Well, Jim, what does it look like to you—will the republicans or the democrats win?" "Aw, Mr. Gallivan," he responded, "they'll all be licked—nobody'll be elected."

Wasn't Looking

Colonel Wagon was playing his usual 15 holes before lunch, but was a long way below his usual standard, making many bad shots. In consequence of this his temper, never one of the best, became somewhat ruffled, and his anger increased when he noted that a laborer was following from his hole. At last the colonel could stand it no longer. "What the — are you looking at?" he burst out. "Looking, sir," replied the laborer, "I ain't looking; I'm thinking."

Cute Thing's Question

As the "seeing London" bus rolled slowly down Piccadilly the guide pointed to a big old house surrounded by a high brick wall and imparted information to his covey of American "rubbernecks." "That," he bawled, "was the town residence of the Duke of Devonshire, one of England's largest landed proprietors." There was a moment's reverent silence and then the pretty girl in the second seat looked up with sudden enthusiasm. "Gee," she cried, "who landed him?"

A Manly Man

Back that are clear enough to see. The best in others; feet that keep. Beside a chum whose road is steep. Brave hands that work all honestly.

There that are open to the cry of wander folk, a voice that sings in spite of all the times and things. That on the road of journeying be.

A seal that takes the straightest way: A heart that keeps its outlook sweet. However lone and grim the day! Fine things about his life-path meet. Before his character is complete. And we can call him Man!

EDITORIAL COMMENT

Careful in a Way

Defending the Farmers' Bloc

Chapters Weekly: Grain, it may be said, is not considered a perishable commodity by farmers. It can be held for shipment. What is in existence which comes out of the farms of Egypt, the thousands of acres of the finest soil, produces a crop of wheat, corn, hay and potatoes that this country ever produced did not where they grew last year and the year before that, because high freight rates and low prices did not make it pay to gather them, and a similar fate may again overtake them this year. The same thing may be said for thousands of acres of hay which were not even cut.

The Daylight Saving Law

Lawrence Tribune: A strong effort was made by the agricultural interests in the western part of the state to defeat the daylight saving movement by having the repeal bill substituted for the adverse report of the committee on legal affairs.

The western representatives showed and there in merit in their argument, that farmers are greatly inconvenienced by the change in time during the summer months. They demonstrated that agriculture actually suffers to an extent under the law.

To offset this Representative Socha

MAN ABOUT TOWN

Crops of lettuce and early asparagus will be larger this year than last, because of early cutting and tomatoes will be smaller. Tell the wife. This is important news to her. The department does its forecasting by analyzing the reports sent from its thousands of agents. June 25 it will try a new scientific estimate of acreage by taking photographs from airplanes in selected districts. Something new under the sun.

We live in a world of mysterious chemical magic. A few drops of water will extinguish a lighted match. Yet the same match, thrown carefully aside while glowing, may burn millions of acres of forests. A dash of water, plus carelessness, makes the difference. You'll hear more about forests in the week beginning April 22, set aside by President Harding as "Save the Forests Week." Every week should be a "Save the Forests Week." We're on the way to a treeless nation within another generation unless we conserve.

The board of health, I understand, has information to the effect that many families in which small children are sick refuse to follow the doctor's orders as to ventilation and ventilation with the result that some of the little ones die when they might otherwise be saved. It is surprising to find how many small children are kept up in close rooms where there is not a draft of fresh air perhaps more than once in 24 hours. This condition prevailed during the winter, especially in the families that were suffering from a shortage of coal and were afraid to open a window or door lest the house should become more frigid than it now is.

The school board will soon give way to the spring board.

Not the girl who danced 27 hours without stopping felt like something she seldom sees—a dish rag.

Turks have decided to have only one wife. Americans haven't.

A swallow flew from Wales to Africa, but runners bring us many swallows from Scotland.

Jazz music is composed. People who hear it are not.

This country needs alarm clocks. You can set 16 hours ahead of time.

Midnight Malthus flew 240 miles an hour. Darn near as fast as a dollar at a church social.

Summer is coming. There will be a hot time in the old town.

New York banker and \$50,000 are both missing. Perhaps they went out to look at some spring suits.

Hint the bright things. Suppose flies were as big as elephants?

It gets 20 below zero in Saskatchewan, so naturally the man who named the place sneezed as he did it.

People without buttons on their clothes may enjoy learning a lesson or two in Philadelphia.

About a hundred presidential booms have started, but where on earth are the vice presidential booms?

Scientist says the earth's center is gold. He may be wrong, but you have to dig to get any.

Hardest thing about being a politician is staying fat enough.

Considerable interest is being manifested in the concert to be presented by the Lowell orchestra on April 18.

A feature which should appeal to the public of Lowell is that only a moderate price is charged by the society for admission to its concert; consequently, it is expected that a large audience will attend as it will be within the reach of all.

Among the numbers to be performed are the "Surprise Symphony" by Hayden. A favorite composition in the simple, graceful style of the eighteenth century. In striking contrast to the work by Shellen, depicting in a stirring, vigorous manner a composer's vivid conception of his native land. The beautiful overture "Bosma" by Schubert, and the ballet music from Gounod's "Faust" will also be given.

The orchestra will have the assistance of Miss Hazel Tuttle, contralto, who is spoken of very highly in local musical circles. An all in all, this concert will sustain the excellent reputation enjoyed by the Orchestra society.

Those who have been fortunate enough in the past two years to have seen the plays, Kathleen and Springtime, given by the Girls' City Club will welcome the Girls' City Club Greenfield Village Follies to be presented at the Auditorium on the holiday, April 13.

We mention the plays given previously because the character comedians who made such a hit at Arden and from the Sheriff, and Bobby and Zensobla will appear again with James Howe, the limelight dialect portrayer. No one need guess who they are for everyone now knows Charles Keyes, advertising man for the Lowell Sun and Alice Keyes, former president of the Girls' City Club, and James Howe, noted high athlete and actor. As Mr. and Mrs. Gump and the baby, their act will be a fittingly laughable entrance sketch connecting the world but beautiful oriental scene, the Temple of Joss, and the very snappy, bright, gay Greenfield Village colony of the second act. Charles Keyes as a nervous but devoted parent of a mischievous son is surely something new.

These appointments go into effect next Monday, but Mr. Cahill will be at the barn beginning Friday to learn the various duties that he will have charge of after next Sunday.

AMBASSADOR HARVEY PLANS VISIT TO U. S.

LONDON, April 11.—Ambassador and Mrs. Harvey are planning to leave London shortly for a trip to the United States. The exact date of the sailing will not be fixed until the ambassador, who at present is in Rome, and Mrs. Harvey, who is in Paris, return to London next week.

of New Bedford and Green of Cambridge urged the desirability of giving the workers in the textile industries an opportunity to go out of the hot mills an hour each day and said that the agricultural interests should be willing to allow that privilege to the mill workers.

Lawrence, a textile city wants daylight saving. It is a wonderful advantage to the cities, affording light evenings for work and play. With the legislature closed as it is at present it seems reasonable to conclude that the law will continue in force for an indefinite period.

AMBASSADOR HARVEY PLANS VISIT TO U. S.

Berton Braley's Daily Poem POSSESSIONS

Much time and toil I've given for
The things that I have striven for,
My car, my clothes, the little cash I own;
Possessions not imperial
But solid and material,
Which give to life a certain dulcet tone.
I like to have and use them all
And yet if I should lose them all,
Still I could smile and watch my wealth depart;
Let worldly chattels stray from me,
But Fate, don't take away from me
The little dreams deep hidden in my heart!

Oh, poverty's no joke at all,
I don't like being broke at all,
I'm very fond of comfort and of ease;
I dread their loss most fearfully,
Yet I could bear it cheerfully
And start again to earn them by degrees;
Life's pretty bleak and bare without
To one who lacks the wherewithal,
I know, because I've often made the test;
But not a wail you'll catch from me
If fortune doesn't snatch from me
The little dreams deep hidden in my breast.
(Copyright, 1923, The Lowell Sun.)

ANOTHER NORTH ADAMS CHARITY BALL FOR ST. JOHN'S HOSPITAL MILL GRANTS INCREASE

NORTH ADAMS, April 11.—The number of textile workers in this city and its suburbs, who will benefit by 12 1/2 per cent wage increases on April 30, was brought to 10,000 today when the Arnold Print Works, employing some 2000 hands, followed all the other textile concerns in this vicinity in announcing wage advances to be effective that date. The Windsor Print Works, a subsidiary of the Consolidated Textile corporation, employs 1200 and the Arnold Print Works, employing 2000, in the vicinity had announced the offers several days ago. Whatever decision is made on acceptance when the controversy is settled at Fall River will apply here.

LOWELL EAGLES HOLD SPECIAL MEETING

Twenty-five candidates were balloted upon and 10 applications for membership were received at a special meeting of Lowell aerie of Eagles, which was held last evening in Eagles' hall, Harrington building. Worthy President Barry occupied the chair and routine business was transacted.

A committee was received from Bro. Dennis E. Sullivan of Dorchester to the effect that he will give a \$50 gold watch to the member bringing in the largest number of membership applications before June 1. The committee in charge of the arrangements for the social to be conducted on the evening of April 19 reported that everything was in readiness for the affair.

"Potatoes Did It" Says Girl Who Danced 27 Hours

MISS ALMA CUMMINGS AFTER
HER WORLD'S RECORD DANCE OF
27 HOURS.

In Paris, and of an Englishman, Victor Hindmarch, who last month established a record of 25 hours.

And now she is challenging the entire world to outdance her. She says she can dance 40 hours continuously. She wasn't in the least tired, she says, when she concluded her record-breaking dance. Statisticians figure that if she had danced in a straight line, she would have danced 66 miles or more than two-thirds of the way from New York to Philadelphia.

What is the secret of the young woman's indefatigability? A vegetable diet, generally, potatoes specifically. Miss Cummings doesn't see how she could get along without them. But alas, they can't be decked out with butter, nor hashed in cream nor disguised with a rich coating "au gratin."

"I don't eat a bit of animal food," explained the champion, "neither milk, nor butter nor eggs nor cheese. Anybody who wants to outdance me will find the following tips useful:

"Stick to a vegetable diet.
"Sleep nine or ten hours every night.
"When the actual test comes, keep your mind off everything. Just joke and have a good time."

Anybody can dance 24 hours, she says. All that's needed is will-power.

The only other time Miss Cummings ever participated in an endurance dance was several years ago when she and her brother danced 12 hours "just for fun."

Tireless Dances On
The tireless Miss Cummings danced on. Eventually George Madara, her first partner, after a rest of nine hours, returned to the fray and finished with her in triumph.
By her feat Miss Cummings has eclipsed the record of a Frenchman, Cesare Leone, who danced for 24 hours

BOY STOWAWAYS NEAR STARVATION ON SHIP

PORTLAND, Me., April 11.—Six slices of bread was the only food two boys had during their first three days as stowaways on the steamship Cassandra, which arrived here yesterday. This was carried in their blouses when they evaded the officers in boarding the ship at Glasgow, their home. Only a slice a day was eaten. They gave their names and ages as Thomas Smith, 18, and William Hay, 19. Driven from their hiding place in the hold, by hunger, they spent part of the fourth night searching for food, securing several pieces of cheese from a galley. They gave themselves up on

the fifth day, and were set to work. They will be sent back on the Cassandra.

PLEBIAN COD TO GET ATTENTION

BOSTON, April 11.—The plebian cod of the Atlantic is about to receive an attention to which the aristocratic salmon of the Pacific has become accustomed. Dr. H. B. Bigelow, one of the curators of the Harvard museum of comparative zoology, made public yesterday his plans for tagging cod, haddock and other fish of coastal waters on behalf of the United States bureau of fisheries. He will sail with a party of scien-

tists fishermen in the fisheries vessel Halcyon on April 22, for Nantucket Shoals, where the operations will be conducted. All fish caught will be tagged with a light piece of metal clipped into a fin and put back in the ocean. Fishermen have been asked to send word of the place and circumstances when any tagged fish is caught, with a promise of 25 cents for each tag returned.

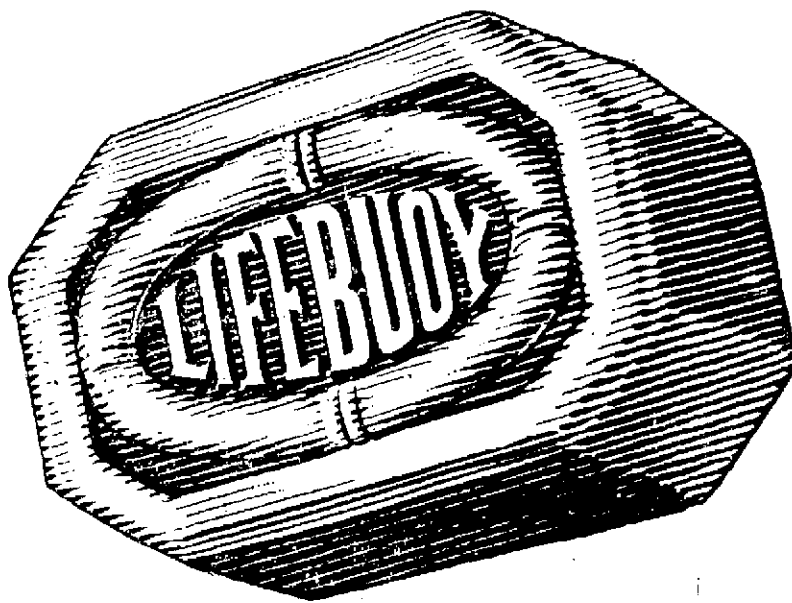

The design is to learn more about the migratory habit of common New England fish, where and how they breed, how they grow and how prolific they are.

How Millions of Thoughtful Mothers
Protect Their Families from Daily Dangers
— a great health principle —

WHEN the great plagues swept Old World cities, ancestors of yours were there. Millions died in the blight of the Black Terror. That is why you dread dirt by instinct. That is why you are forever demanding cleanliness for your children.

Modern science has confirmed your belief. Dirt IS the arch-destroyer, the universal breeder of disease.

We no longer call epidemics an evil spell. We fight them. We try to overcome the causes. All the resources of civilization are arrayed against disease.

In this great struggle the mothers of the nation must take the most important part. For you are the "Health Doctors" of your families. The responsibility is yours.

life's best possession

Health is life's most precious possession. It is the very foundation of good looks and vivacity, happiness and success. In every country of the world the first question is "How are you?"; the favorite toast, "To your health!"

There can be no health without cleanliness. Famous Research Boards have proved it. Health Boards repeat it.

But contamination is everywhere. The street dirt that grimes your children's hands and knees and faces almost certainly contains the germs of contagious diseases. When your husband returns from work his skin is filmed with dangerous dust.

What can you—the Health Doctor—do to safeguard your family?

a great discovery

Do you know that there is a wonderful skin-purifier, a soap unlike any other? A few years ago the world's

largest soapmakers determined to perfect a super-soap. It would be their contribution to the war against disease.

First they combined the finest vegetable oils that money could buy to make a soap perfectly pure and delightfully bland. This soap was so scientifically made that it was itself a powerful defence against disease-infested dirt.

One of the ingredients was rich, natural palm-fruit oil which is red. So the new soap was red. To insure abundant lather, purest oil of cocoanut was added.

But the makers were not satisfied even with this splendid soap. They wished to add a new element—a real health element.

After endless experiments they succeeded. Blended in the fine soap was a true purifying ingredient. Because this soap made possible new standards of cleanliness and health it was called LIFEBUOY.

The unique health element gave to the soap a distinctive, wholesome odor which quickly vanishes, leaving the skin completely purified and sweet.

a tribute to mothers

The makers believed that mothers and thoughtful women everywhere would welcome this remarkable health soap for the benefit of the whole family.

And they were right! Today Lifebuoy is probably the widest-selling toilet soap in the world. In millions of homes the rich, creamy Lifebuoy lather with its EXTRA health element is purifying and protecting.

It is true that Lifebuoy is an ideal complexion soap. Lifebuoy's reputation as a baby soap is well earned. Its popularity with men is proverbial. But above all Lifebuoy is the HEALTH SOAP for the whole family.

Enlist in the war against disease. Put a cake of Lifebuoy at every place where there is running water.

ANNIVERSARY OF DEATH OF EX-KING CHARLES

BUDAPEST, April 11.—(By the Associated Press) The anniversary of the death of former King Charles was commemorated yesterday at a solemn high mass celebrated in the coronation church by Cardinal Csernoch. Among those present were Admiral Horthy, Archduke Joseph, Archduchess Isabella, and the entire royalist aristocracy.

A catafalque, hung with crepe, was surmounted by the Austrian and Hungarian crowns, symbolizing the double claim of the Hapsburg dynasty. The entire Budapest garrison was on parade.

The anti-royalists have served notice that they will interpellate the government on "the renewed Hapsburg propaganda which is officially supported."

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-go feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.—Adv.

PURIFY YOUR SLAGGISH BLOOD

In winter you eat freely of rich, heavy foods and do not get enough outdoor exercise. As a result, your blood is impure and sluggish when spring comes. You feel dull and sleepy, have no energy or ambition, and are easily tired.

Don't drag yourself around in that half-alive way all the spring. Begin today to take Gude's Pepto-Mangan, the most widely used and effective of all spring tonics. Your druggist has it, in both liquid and tablet form.

Gude's Pepto-Mangan

Good For DIGESTION

The blessings of good digestion are appreciated most by sufferers from indigestion. To them is "G. F. A."—Gude's Food—Medicine—a blessing. It sweetens the stomach, aids digestion by stimulating production of digestive fluids and secretion of bile, slurs a sluggish liver, promotes thorough elimination of poisonous wastes, and gives these organs healthy tone.

Large bottle, 50 cents; 1 cent a dose. All dealers.

Oldest English Barrister, Who Recently Celebrated 100th Birthday, Dies in London

LONDON, April 11.—Sir Gardner Englehart, the oldest English barrister, died yesterday. He celebrated his 100th birthday in February.

Sir Gardner was born when George IV was king. He entered public life in 1859, holding various official posts. He had the friendship of many men prominent in English history, including Edward VII, in whose entourage he visited the United States and Canada while Edward was prince of Wales. Sir Gardner was also a friend of King George and Queen Mary, who were among the first to congratulate him on his recent centenary.

SAYS HIBBIN DESTINED TO BECOME PRESIDENT

NEW HAVEN, Conn., April 11.—Prof. William Lyon Phelps of Yale, treasurer of the Phi Beta Kappa dinner here last night, at which President John C. Hays of Princeton was a speaker, predicted in jest that the latter was destined to become president of the United States. "For," said Prof. Phelps, "the Phi Beta Kappa dinner is the Howard Taft, then secretary of the United States, and when Taft died, he made the speech in Latin, he predicted that Taft would be the next president. From that moment Taft's chances became good."

In 1908, Phelps was toastmaster and Woodrow Wilson sat at his right. Phelps long ago predicted that President Wilson would be the same man since he sits at my right hand tonight.

AMUSEMENT NOTES

THE STRAND

"Mad Love" is one of the most startling melodramatic screen offerings of the season. You will say so when you see John Nesch portraying the role of Sambo, a powerful beauty, who has men of all stations in life and all ages paying homage to her. The last showing was a triumph today. Don't miss it. William Hays' "Great Night" is the accompanying play on the bill.

For the last 27 years of the week, starting with matinee tomorrow, "Priscilla" will be the feature. "Priscilla" is a story of a girl who is a universal special and is an adaptation from one of Frances Hodgson Burnett's famous novels. Priscilla is too well known to need further introduction than mere passing mention of her name. The picture is a gem of a picture and this is no exception to the general rule. Wallace Berry and an all-star cast.

Katherine MacDonald, "the handsomest figure on the screen," will surely add materially to her success besides offering the most beautiful picture to reflect her ability as an actress of rare ability. It also affords her the chance of again displaying her wonderful wardrobe. The usual comedy and weekly will also be shown.

MERRIMACK SQUARE THEATRE

Final performance of "Jack," starring the great laugh-dispenser of the screen, Harold Lloyd, will be given at the Merrimack Square theatre this evening. "Jack" has been touring their way all week since he took up his office at the popular stage street where he has the greatest crowd of the place that has since Lowell in many months. Final performance will be held this evening at 8:30 when this big comedy will be shown on the screen for the last time.

The other feature of the current program is "The Second Fiddle," starring Pink Glenn Hunter in a human interest comedy-drama that wrings one's emotions.

Tomorrow afternoon there will be a complete change of program at the Merrimack Square theatre. The feature attraction will be "Java Head," a big George Melford production with an exceptional cast of celebrated players. "Java Head" is a story of old Salem, Massachusetts, Salem of the glorious eighteenth century, when sailors from all parts of the world came into this quaint port town.

Salem is only a few miles from Lowell and hundreds of Lowell people are familiar with the very scene pictured in this big production. The picture taken last fall and all the famous places of interest in the city that are included in the story that unfold this seductive story of olden days.

Special local interest is added to the production by reason of the fact that George Fawcett and Raymond Hatton, two of the best known stars of the screen, who take leading parts in this production, were the guests of the Merrimack Square manager, who, it is recalled, was here when the film and both addressed the audience in the theatre. The other feature of the week-end is "Freak," a whirlwind comedy starring Lawrence-Lucky Johnny Hines.

R. F. KEITH'S THEATRE

"Little Teardrops" a comedy with music, in one act, with a plot which depicts emotions that are common to all is destined to have a universal appeal, no matter in what country or city its action takes place. Such a play is promised the public in "Hungry Hearts," a comedy of short stories written by Virginia K. Jones, which comes to the Crown Theatre today for two days.

ATTACHMENT FILED

An attachment for \$1000 in a section of contract has been placed against the property of Albert Lambert of this city. It is suggested to appear before the justice of the district court in Lowell, the fourth Saturday in April to answer to James F. O'Brien.

Association Will Meet This Evening—Report by Spalding Park Committee

The High School Alumni association will hold its annual meeting tonight in the high school. This meeting is of the greatest importance as plans for rehabilitating Spalding park and arranging for its use as a baseball field this spring will come before the meeting. The committee which was organized a year ago to get money to purchase the park is to report at this meeting and their report will be of the greatest interest to every graduate of the local high school. Other business that will come before the meeting will be the presentation of the picture of the late Cyrus W. Irish, for many years headmaster of the school. The money for this picture has been collected, but it is believed that a small sum will be necessary for framing this work of art.

This association is yet in its infancy. It has only begun its work, and there are a great many graduates of the school who have not become attached to the organization. Although the purchase of Spalding park is one of the great attainments of the society, there is much more to be done. It is not fitting that the high school athletic field should remain in the condition it is now in. It has been suggested that a stadium, such as the Haverhill athletic field, should be built. To do this will call for a large sum of money but it should not be hard to get the same if every graduate of the school would enlist in a drive.

Tonight's meeting is but a start. Every one interested in the high school should attend and do their bit towards making the alumni association a success.

SUIT AGAINST STREET RAILWAY COMPANY

An action of tort against the Eastern Massachusetts Street Railway, was opened in the superior court this morning before Judge Sisk. The plaintiff, Mabel Topping of Lawrence, alleges that while riding as a passenger on the Lowell and Lakeview branch, she was struck in the face and knocked down by an intoxicated passenger. As a result of being struck in the face, she claims that she was disfigured and permanently injured, owing to the carelessness of the company's servants, who were in charge of the car. Attorney Frank J. Garvey with Thomas Reynolds, representing the plaintiff in the case, stated in addressing the jury that his client is subject to epilepsy, as a result of her experience with the intoxicated passenger.

The street railway company, the defendant in the case, denies each and every allegation, and says that if the passenger suffered any injury that it was due to her own carelessness. Trull, Wier and O'Donnoghue are representing the street railway.

PROBE CONVICT'S DEATH

Said to Have Been Brutally Flogged in Lumber Camp Where He Was Leased

MADISON, Fla., April 11.—The grand jury investigating the death of Martin Tabert of North Dakota, who it is alleged, was brutally flogged in a lumber camp where he was leased as a convict, today called former guards at the camp and former convicts who say they were whipped.

Walter Higginbotham, convict camp boss, who is being held on a charge in connection with Tabert's death, was brought here to await the outcome of the grand jury's action. The state it is understood will ask an indictment against Higginbotham.

The defense will attempt to show that Tabert died of complication of diseases brought about by fever.

RAN DOWN GROUP OF WOMEN MARCHERS

NEW YORK, April 11.—John Floyd, who deserted his taxicab last night after plotting through a group of Salvation Army women marching across Washington Heights bridge, injured nine of them, was arrested today charged with assault.

One of the injured, Miss Mabel Coleman, 18 years old, has a fractured skull and may die.

A SCHOOL GIRL'S SUCCESS

Everything Depends upon her Health

Mrs. George E. Whitacre Tells of her Daughter's Breakdown and How Lydia E. Pinkham's Vegetable Compound Made Her a Healthy, Happy, Strong Girl

Every mother possesses information of vital importance to her young daughter, and the responsibility for her future is largely in her hands.

When a school girl's thoughts become sluggish, when she suffers the consequences of wet feet, pain, headache, fainting spells, loss of sleep and appetite, and is irregular in her menses, should have a thought for her physical condition and try Lydia E. Pinkham's Vegetable Compound, which has proved a reliable aid to nature for just such conditions in so many cases.

This Mother Writes:

Mahoningtown, Pa.—"I would like to say a few words about Lydia E. Pinkham's Vegetable Compound. About a year ago I thought it would be necessary for me to take my daughter out of school. She was losing weight, was nervous, and when she would come home from school she would drop into a chair and cry, and say, 'Mamma, I don't believe I can go to school another day.' I gave her Lydia E. Pinkham's Vegetable Compound, and now she is a healthy, happy, hearty, strong girl and weighs 120 pounds. She has no difficulty in doing her 'gym' work, and she works at home every night and morning, too. I am a mother who can certainly praise your medicine, and it will be of any benefit you may use this letter as a reference."—Mrs. GEORGE E. WHITACRE, 621 W. Madison Avenue, Mahoningtown, Pa.

Every girl ought to be healthy and strong, and every mother wants her daughter to do well in school and to enjoy herself at all times.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for young women just entering womanhood. Mothers can depend upon it. It is prepared from roots and herbs, contains nothing harmful, and has great power to tone up and strengthen the system, so it will work in a healthy and normal manner.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been used by women of all ages, and these women know its great value. Let it help your daughter and yourself.

NEW STRENGTH AND ENERGY

FOR WEAK, NERVOUS PEOPLE

Lydia E. Pinkham's Vegetable Compound. Build Up Physical Power, Give Vigor and Nerve Power to Nervous, Tired, Dependent, Couple.

Elvita Pills have stood the test for over 30 years. Thousands praise them for run-down condition, general debility, nervous prostration, nervous weakness, nervous exhaustion, nervous depression, and unstraining nerves, caused by the use of Bunkum or from over-indulgence in alcohol, tobacco, or excessive use of any kind.

In a letter from Elvita Pills in private practice, proven it to be exceedingly valuable in nervous debility and nervous, irritable stomach. A single or two taken before retiring helps to induce a restful sleep and at midnight.

STUDENT ON TRIAL FOR MURDER OF WATCHMAN

LEXINGTON, Ky., April 11.—Interest in the trial of Warren Middleton, student at the University of Kentucky, charged with the murder of Joseph Self, University night watchman, was at a high peak today. Self was killed and Middleton severely wounded in an exchange of pistol bullets on the university campus on the night of Feb. 10.

A dying statement declared Self said in a dying statement that he was fired upon when he opened the door of an automobile he had found upon the campus and emptied his revolver into the machine after he had been felled by a bullet.

Miss Glover Coleman, a student at the university, who was Middleton's comrade in the automobile, testified at the student's examining trial that she was unable to say which of the principals was first to fire.

ANOTHER DECORATION FOR HAMILTON HOLT

NEW YORK, April 11.—Hamilton Holt, former editor of the Independent and president of the American Scandinavian Foundation, has been made a knight of the North Star of Sweden. He already possesses Japanese, Greek, Italian and French decorations.

BRITISH WORLD WAR VETERANS

The members of the Lowell committee of the British World War veterans held last night in the Free church on Middlesex street, voted to decorate the graves of the British veterans in this city on Memorial day. John S. Davies, vice-president of the organization, presided.

ON RELIGIOUS EDUCATION

CLEVELAND, April 11.—Twelve hundred delegates interested in religious education are here today to attend the four-day convention of the 20th annual meeting of the Religious Education association. Thirty-three different meetings to discuss the need of moral and religious training for children will be held during the convention.

The association is said to be the only religious organization in which Protestants, Catholics and Jews are members.

ADVENTURES
OF THE TWINS

Olive Roberts Barton

THE SCRAP-PICTURE SHEPHERDESSES

AT THAT MINUTE ALONG CAME A PRETTY SCRAP-PICTURE SHEPHERDESS.

The twins were so busy eating goodies that they didn't notice they had left the road that led to the Cut-Out Lady's house.

When they were through with their sundae, Nick spied a fountain that sprayed ice cream sodas a little distance away. When they were through with their sodas, Nancy spied some corn stalks with pop-corn buds on them. Then Nick discovered a bush covered with chocolate-buds, and Nancy noticed a field of lily-pops of all colors and flavors, growing like bright tulips in a flower bed.

Of course they had to wander around that for a while, deciding whether they would rather have a brown butter-knead lily-pop or a red strawberry one, or a yellow one flavored with lemon, or a green mint one. Nancy took a strawberry and Nick took a lemon.

After that the twins discovered two things at the same time.

They discovered that they were lost and that each of them had a pain.

"Oh, my!" said Nancy. "I wish I hadn't eaten so much."

"Oh, goodness!" said Nick. "I wish I hadn't either."

"Where are we?" was Nancy's next remark.

"I don't know," answered Nick. "I'll bet you're lost! Oh, there's a sign over there. Let's go and see what it says. So they went over and read it and it said, 'This way to Castor Land. That way to Plaster Land.'"

"Gosh!" exclaimed Nick. "Gosh!" exclaimed Nancy. "I don't want to go to either place," said Nancy.

"Neither do I!" said Nick. "What'll we do?"

"So they sat and sat and felt worse and worse every minute."

At that minute along came a pretty scrap-picture shepherdess and when she saw the twins she stopped.

"Good day!" she said pleasantly. "Will you please tell us the way to the Cut-Out Lady's house?"

"Come with me first!" said the shepherdess. "I live in that granulated sugar Easter-egg over there."

JUSTICE HOLMES GRANTS
FISH MEN WRIT OF ERROR

WASHINGTON, April 11.—A writ of error has been granted by Justice Holmes of the supreme court to Frederick M. Dyer, and others convicted in the courts of Massachusetts and in the house of correction at Boston, for violating a state law prohibiting combining affidavits in general use. The special charge against them was that they had combined in the fish business for the purpose of destroying the trade and business of certain persons and firms engaged in selling fresh fish.

It also was charged they had created a monopoly in fresh fish within the state.

Dyer and his associates contended

Commonwealth of Massachusetts.—To the heirs-at-law, next of kin and all other persons interested in the estate of Daniel P. Knowlton, late of Lowell, in said County, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said probate court, to be admitted to probate, and the said court, on the eleventh day of April, A. D. 1922, at nine o'clock in the forenoon, it is shown cause, if any you have, why the same should not be granted.

And said probate court is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be on one day, at least, before said court, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate of said deceased, at least before said court, seven days at least before said court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this twenty-fourth day of March, A. D. 1923, at one thousand nine hundred and twenty-three.

F. M. ESTY, Register.

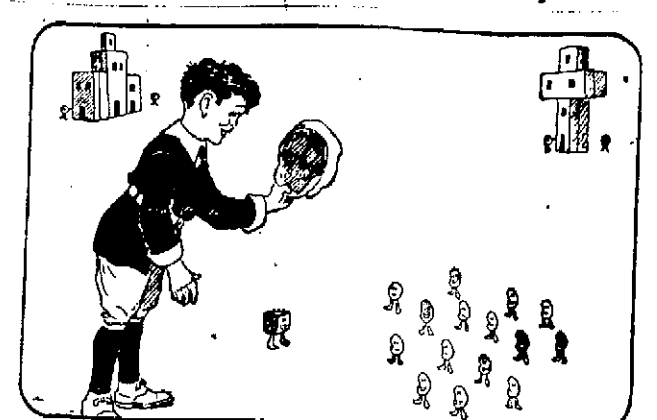

1923-4-11

that in the trial court, prejudicial evidence had been improperly admitted. The supreme judicial court of the state decided that certain evidence had been admitted improperly so far as charges based on the common law were concerned, but that the evidence could properly be considered in determining whether the law in question had been violated. An application for a writ of certiorari was filed in the supreme court, but apprehensive that a review of the case might not be obtained by that means, counsel for the accused sought and obtained a writ of error. It is expected that the supreme court will decide today whether it will issue an order suspending the execution of the sentences imposed by the Massachusetts court until it has an opportunity to pass upon the legal questions raised.

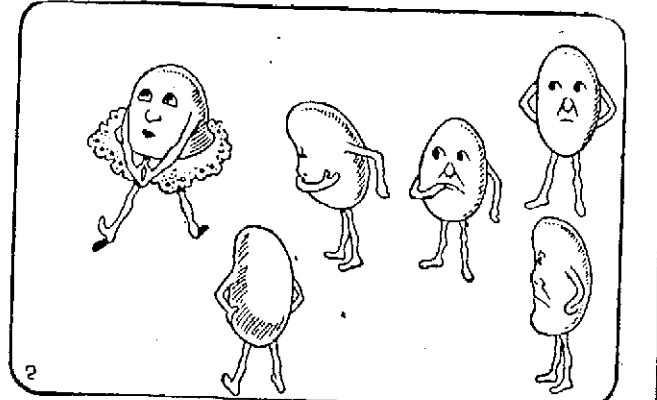

Will Not End Sentences

BOSTON, April 11.—The writ of error granted by the supreme court in the case of members of the Bay State Fishing Co., popularly known as the fish trust—found guilty by a jury of

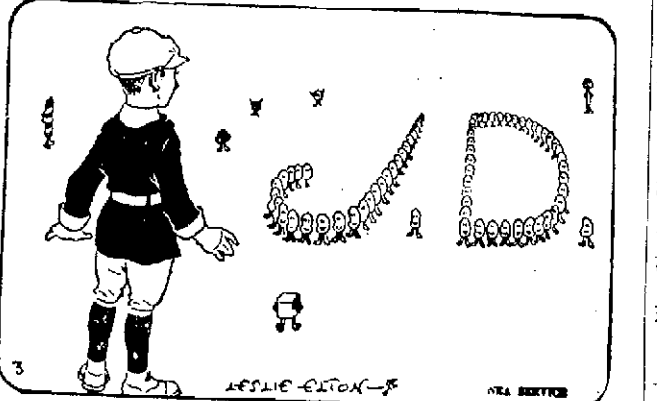

Jack Daw in Candy Land. Chapter 18

"Hello there, Jolly Beans," shouted Jack. "Well, how did you know our names?" asked one of the little candies. "Oh, I know a jolly bean when I see one. I've eaten lots of jolly beans," replied Jack. And then, as the little beans looked scared, he hurriedly added, "But I won't eat any of you."

At this moment a fancy little French bonbon came walking by and the little jolly beans shouted "Hello!" But Miss Bonbon didn't even look at them. "Why doesn't she speak to you?" asked Jack. "Oh, they are just common jolly beans and she's a stuck up fancy candy. That's why," said Caramel.

"Well," replied Jack. "I believe I like jolly beans the best." This pleased the funny little curved candies and they told Jack they would do a trick for him to show their appreciation. In an instant they were marching around and soon had formed into lines that made Jack's initials. (Continued.)

ROSTER OF CIVIL
WAR VETERANS

BRADFORD, Pa., April 11 (By the Associated Press).—Because only eight of the 181 civil war veterans who made up an encampment No. 7, Union Veteran Legion are still living, and only three of this number are able to leave their homes, the roster has been presented to the McKean county historical society for preservation. The encampment has not been able to hold a meeting for over a year.

FIND VALUABLE
HISTORIC DATA

LONDON, April 11 (By the Associated Press).—Recent dispatches from C. Woolley, director of the joint archaeological expedition sent to the ancient city of Ur in Babylonia, by the University of Pennsylvania and the British Museum, show that the Temple of the Moon God has been almost completely uncovered and that the main wall of the temple, or enclosure, has been traced for a considerable distance. Inscriptions and tablets have been found in large numbers. These tablets are of baked clay and highly fragile. Mr. Woolley has devised a new method for their preservation, which is more elaborate than any hitherto applied.

The few tablets that have been examined so far are of the Sumerian period, about 2000 B. C., and relate to accounts, money and so forth. It is impossible, however, to estimate their value until they have been subjected to a more careful examination. Sculptures of some size were discovered toward the close of the excavations, but particulars of these have not yet been received.

Under a floor of the Persian period (550 B. C.) a hoard of jewelry was found. It included gold and silver bracelets, gold rings, a gold statuette of a woman, silver bowls, necklaces of semi-precious stones, and other objects.

LOWELL LODGE OF ELKS CHARMING SONG RECITAL

Officers Installed by William E. Beggs, P. E. R., and Suite of Woburn Lodge

Werrenrath is Accorded Enthusiastic Reception by Appreciative Audience

William E. Beggs, P. E. R., of the Woburn lodge of Elks, accompanied by his wife and a following of nearly 100 lodge brothers, installed the officers of the Lowell lodge of Elks at a meeting held at the Lowell lodge of Elks at 100 Middle street last night. The installation ceremony was very ably carried out by Mr. Beggs and his suite of capable officers. John T. Durkin, P. E. R., presented a large bouquet of roses, a mark of appreciation for his splendid work during the past year as head of the organization. John J. Farley, P. E. R., made the presentation speech. The reports of the officers showed the lodge to be in a flourishing condition. The membership of the Lowell lodge is the largest in the state, with the Lowell lodge having been in existence since 1885. Walter E. Turnbull installed as exalted ruler for the coming year, made a marked impression upon the gathering when he took charge of the meeting. He expressed the hope that the members would give him their hearty cooperation and support during the year. The extensive plans of the building committee were greeted with approval by the Elks who were crowded into a hall large enough to accommodate half those present. The exalted ruler named the following officers from the chair to assist him during his term of office: Esquire Thomas R. Dickinson, Junior, Grand Henry J. Sullivan, Chapter John J. Flannery. At the close of the installation ceremony and the business meeting the members were treated to a buffet lunch.

GRADUATION EXERCISES AT TEXTILE SCHOOL

The evening classes of the Lowell Textile school will be graduated to-night at the school hall. This year's evening class is the largest that has ever been graduated from the school, totalling 45 in all the divisions. Included in the class are seven young women, six of whom have completed a three-year course in free-hand drawing, and one who has completed the three-year worsted yarn course. Three speakers are listed on the program. President Charles H. Eames of the school, who will give a short address of welcome; Hon. John J. Donovan, mayor of Lowell, who will present the certificates; and Col. Charles R. Gow, president of the Associated Industries of Massachusetts. The program is as follows: Excerpts from "Maytime" and Mazurka Characteristic "Cubana"; Hubbard's orchestra; address of welcome, Pres. Charles H. Eames; address, Col. Charles R. Gow; solo for corset, "Bedouin Love Song"; Hubbard's orchestra; presentation of certificates, Hon. John J. Donovan; finale, "Hawatha"; Hubbard's orchestra.

VERDICT IN AUTO ACCIDENT CASE

Sam Swartz of Lowell was awarded a verdict of \$200 in the superior court this morning in an action of \$100 against Fernald Dupre, also of this city. Swartz, it is claimed, was injured by the defendant's automobile, operated in a careless manner, the streets of Lowell and as a result of the accident, incurred much expense and loss of time from his business.

LAWRENCE POLICE WANT "BUDDY" DOLAN

The Lawrence police have notified the local authorities that they have a warrant for the arrest of Thomas Dolan, alias "Buddy," for assault and battery. According to the town-clerk police, Dolan is scheduled to fight "Gunboat Jack" in a local ring tomorrow night, and they want him arrested.

SUN BREVITIES

Best printing, Tobin's, Associate bldg. Catering the best—Lydon, Tel. 4934. French Lingerie Laundry, Tel. 6820. Fire and Liability Insurance, Daniel J. O'Brien, Wymon's Exchange. Floor lamps, bridge lamps, portable lamps and kerosene lamps, reasonable prices. Electric shop, 62 Central st. John H. Chapman, well known clothing man, formerly with Dickerman & McQuade, is now associated with Macartney's Apparel store. The weekly payroll of city departments figured today in the office of the auditor totals \$28,152.11, an increase of approximately \$1000 over last week. Twins, a boy and a girl, were born last Sunday to Mr. and Mrs. James Knowles of New York city. Mrs. Knowles formerly was Miss Beatrice Shea of this city and was well known as a teacher at the Bartlett school. The All Association of the Lowell general hospital held its April meeting yesterday at the hospital. About 20 members attended the meeting and considerable work was accomplished. Several lots of old linen and cotton were donated and much more is needed. A party was given recently at the home of D. J. Reardon, 44 Essex street, in honor of two Lowellians, Miss Helen E. Reardon and Miss Mary Geary, who are visiting in Lowell at the present time. An entertainment of music and songs was given by the visitors, and by Grace Moran and the Messrs. Sheehan, Geary and Curtin. Refreshments were served during the evening by the Messrs. Ray, Hartigan and Almy Geary, assisted by Mrs. D. J. Reardon and Miss Reardon. Major Walter H. Jones, head of the Boys' club, will attend the 17th annual convention of the Boys' club federation in Washington. This convention starts on May 7th and continues until May 11th, every phase of work among boys being dealt with during this period. Miss Catherine Connor and family of 40 Oak street will leave Lowell shortly for Portland, Oregon.

MURPHY vs. MANTY ASSOCIATE HALL, APRIL 16th

Tickets now on sale at Kittredge's alleys, Highland Daylight alleys, Carr's billiard parlors.

Prices \$1.10, \$1.65, \$2.20

No finer song recital than that given by Richard Werrenrath, baritone, at the Memorial Auditorium last evening. Werrenrath, no visiting artist with a memory has been accorded a more spontaneous and enthusiastic reception. Approximately 1500 were present to enjoy him and for two full hours drank in the beauty of his voice and were thrilled at the Metropolitan star's matchless artistry. And indeed, Werrenrath is an artist in every sense and meaning of the word. A voice of rare beauty, which performs with consummate ease at the dictation of a highly cultured mind, of course is the corner-stone of his success, but upon that splendid foundation he has fabricated a musical structure of surpassing excellence in which technique, nerve, artistry and personality play equally important roles. Werrenrath anticipates his audience's desires and sings the songs he knows they want to hear. For instance, last night he gave, among others, "The Wreck of the Julia Plant," "Dana," "Smiling Through," "Two Grenadiers," "Fuzzy Wuzzy," "On the Road to Mandalay" and the "Kashmir Song." In it, any wonder his audience was loath to let him go and stood in the aisles and even came back into the building to hear him sing "King Charles?" It was more or less significant, perhaps, that on Werrenrath's first appearance upon the stage of the Memorial Auditorium he sang under the auspices of the Lowell Choral society, which organization first introduced him to a Lowell audience seven or eight seasons ago. In his first group of songs he chose to sing two old Italian compositions which immediately brought out the beautiful qualities of his voice. He followed with two old Irish and Scotch airs, a robust and rollicking arrangement of "Roy's Wife of Adilvaloch" by Charles Gounod. In the second group were two German and two Danish songs, less familiar to the audience, but well worth hearing, particularly the Danish numbers which are translations from Danish folk lore. The marvelous beauty of the Puccini prologue was most effectively brought out by the singer and it marked the peak of accomplishment on the program. The declamatory passages were given with fine spirit and emphasis and the delivery of the melody passages left nothing to be desired. Three songs by Deems Taylor comprised the fourth group and in the fifth were the songs everyone seemed to be waiting for, "Rolling Down to Rio," "On the Road to Mandalay," "Fuzzy Wuzzy" and "Daddy Deever." He was recalled again and again. At the piano was Mr. Henry Spier, whose splendid accompaniments lent no little charm to the program.

GETTING BACK AT RENT-RAISERS

The board of assessors have a weather eye peeled for rent-raisers and threaten increased valuations wherever justification seems to exist. The assessors particularly are concerned with real estate operators who purchase business blocks for investment purposes and at once boost rents to a considerable degree in an effort to earn a substantial percentage on the investment in the time. All reports of this nature that reach the ears of the assessors will be thoroughly investigated and drastic remedial action on their part will follow. At the present time the assessors are working in precinct 3 of ward 4 and hope to complete the entire Centralville section this week.

INVITATION ACCEPTED PLAN BIG MASS MEETING

Senator David I. Walsh Will Address Lowell Chamber of Commerce

Battery B Will Take Part in Meeting For Organized Reserves

Senator David I. Walsh, who comes to Lowell on April 11 to be the principal speaker at a convention of the Knights of Columbus, also has accepted an invitation from the Lowell chamber of commerce to address members of that organization and guests at a luncheon to be held in the Liberty hall. The officers of the chamber have been in communication with the senator for several days in an effort to have him reach the city in season for such an affair, but it was not until last night that a telegram was received saying it would be convenient for him to do so. Secretary George F. Wells today in discussing Sen. Walsh's visit said the subject of his address has not been learned. The luncheon will be open to all chamber members who will be allowed to bring guests. A cover charge of 75 cents per plate will be made and notices of the luncheon were being placed in the mail this forenoon. It is expected the accommodations of Liberty hall will be taxed to the limit, although it is capable of seating for several hundred.

Capt. George W. Faneuf of Battery B, M.N.G., has accepted the invitation extended to him and his battery to take part in the monster mass meeting for the Organized Reserves which is to be held at the Auditorium on April 18. In his acceptance of the invitation, Capt. Faneuf states that one section of the battery will go to Fort Hill park at 7.30 on that evening and fire a salute of 15 guns to the visiting army generals. The other three sections will parade from the armory to city hall and from there to the Auditorium with

CAPT. GEORGE W. FANUEF

GOING TO LAUSANNE

Gen. Pelle to Represent France When Near East Peace Conference is Resumed

PARIS, April 11. (By the Associated Press.)—General Pelle, French representative on the allied high commission at Constantinople, will represent France at Lausanne, when the Near East peace conference is resumed on April 23. It is thought in French circles that the Russians will be invited only to come to Lausanne to sign the treaty when it is prepared but not to participate in the conference, inasmuch as the clauses regarding the Dardanelles and the Bosphorus, were agreed upon at the previous conference.

ANOTHER OLD STAGER ON HOSPITAL LIST

The remaining horse power in the first department was further crippled today when Chief Edward P. Saunders was forced to place one of the horses attached to Horse 10, Pawtucketville, on the hospital list due to a foot infection and strained shoulder. In order to allow this apparatus to remain in service it was necessary to transfer a horse from Engine E. Centerville, thus leaving that engine with only one horse and out of commission for the time being. Until the Pawtucketville horse recovers or is replaced, Engine 1, motor, will cover Centralville on first alarms. Chief Saunders again today emphasized the department's great need of a new triple combination pump and a tractor this year and said by the purchase of both these pieces, eight horses would be replaced. A requisition calling for the purchase of a tractor already has been presented by the chief, but it has not received majority approval as yet.

OPEN MEETING FOR WOOLEN WORKERS

An open meeting for all the woolen workers of the city will be held tomorrow evening in Trades & Labor hall, Central street. The affair will be conducted under the auspices of the Woolen Spinners' union and the principal speaker will be Vice President James Starr of the United Textile Workers of America, whose home is in Paterson, N. J., but who for some time has been stationed at Manchester, N.H.

NEW HIGH RECORD PRICE FOR SUGAR

NEW YORK, April 11.—A sale of 1000 tons of Cuban raw sugar to Canadian importers for May shipment at 5.85 cents a pound, f.o.b. Cuba, a new high record price for more than two years, was reported today. This price is equivalent to six cents a pound, cost and freight, New York.

Greece Refuses to Pay Indemnity to Turks

PARIS, April 11.—(By the Associated Press.)—Greece has irrevocably decided not to pay a farthing of indemnity to Turkey, declared M. Alexanderis, former minister of Greece in an interview here today. If Turkey insists upon an indemnity, Greece will not sign the peace treaty, he asserted. M. Alexanderis, who is the sole civilian member of the Athenian revolutionary cabinet and formerly was minister to Berlin and under the Venizelos regime, came to Paris to discuss Franco-Greek relations with Premier Poincare.

"RUM ROW" A TANGIBLE THING

Supplies Much of the Liquor Being Smuggled Into U. S. Says Canfield

New Federal Prohibition Director for New York and New Jersey Plans Drive

NEW YORK, April 11.—"Rum row" is not a myth but is a tangible thing, supplying much of the liquor being smuggled into the United States, said Canfield, the new federal prohibition director for New York and northern New Jersey, who today announced that he was arranging to visit the latter state to see how the liquor is smuggled into the New York and New Jersey coast.

WOMAN ADMITS KILLING

Took Revolver From Under Man's Pillow and Fired Bullet Into His Head

WORCESTER, April 11.—Salvatore Martucci, 35 years old, died this afternoon in City hospital from a bullet wound in the head, and Mrs. Anna Di Pari, 23 years old, is under arrest, as a self-confessed slayer of the man.

Shortly before 10 o'clock today Mrs. Di Pari entered police headquarters, tossed on the desk a pearl handled revolver, and informed Capt. James J. Casey that she had just shot a man at 8 Plum street, where she lived. A squad of officers was hurried to the house and found Martucci unconscious in bed. They hurried him to the hospital, where he died shortly after noon.

Mrs. Di Pari told Captain Casey that Martucci who occupies the lower tenement in the house on Plum street, has been paying attentions to her and made improper advances and that he suggested that she become a white slave for him. She refused and he threatened to shoot her. She said she knew he was a bad man who would carry out his threat, and she entered the room where he was sleeping this forenoon, took the revolver from under his pillow and fired a bullet into his head.

LEGION HEAD FLAYS BUREAU

Owsley Calls for End of Corrupt Exploitation of Veterans' Bureau

Declares Legion Favors Immediate Probe of "Political Inefficiency"

NEW ORLEANS, April 11.—There must be an end to corrupt exploitation of the veterans' bureau, Alvin Owsley, national commander of the American Legion, declared today in an address prepared for delivery before the annual convention of the United Confederate Veterans.

He said that the legion favors an immediate investigation of that department.

JAIL FOR CARRYING GUN

Gov. Cox Signs Bills to Jail Men for Carrying Guns and Police Who Take Bribes

BOSTON, April 11.—Governor Cox today signed bills providing a prison sentence of two and one-half years for a person convicted of carrying a dangerous weapon, without permission, including the carrying of a revolver in an automobile and providing for punishment by imprisonment of any police officer accepting or giving a bribe. He also signed resolves extending the duration of the law authorizing the appointment of an emergency fuel administrator and calling upon the governor to ask for a proper observance of Armistice day, without making it a legal holiday.

ESSAY CONTEST PRIZE AWARDED TODAY

Miss Anna Heath, of 433 Lakeview avenue, a student at St. Michael's school, was presented a Hamilton gold watch this morning by Major Walter R. Jones as a fitting prize for the essay written by her on the subject of "How Can We Make Our Streets Safe For Our School Children," the prize being given by the Lowell chamber of commerce.

The exercises were held in the lower part of the church with all the school children, their teachers, Mayor John J.

Insane Criminals Make Sensational Escape From Matteawan

GUNMEN ATTEMPT TO KIDNAP GIRLS

Two Men Brandishing Revolvers Dart Into Throng in Union Ave., New York

Seized and Attempted to Bear Off to Waiting Auto Two Young Girls

Mob Which Surged to Girls' Rescue Kept Off by Two Other Armed Men

NEW YORK, April 11.—Darting into a throng of pedestrians on their way to work, two men brandishing pistols created a panic on Union avenue today, when they seized and attempted to bear off to a waiting limousine Pauline Minore, 18, and her companion, Katherine Saracina, 16.

A mob which surged to the girls' rescue, was kept off by two other armed men as the victims, screaming and struggling, were dragged toward the machine.

When the police arrived two men escaped in the car. The others were caught after a fusillade of shots.

The prisoners were Tony Carnavola and Vincenzo Garagola of Brooklyn. They were charged with attempted kidnapping.

CHINESE STUDENTS ARE INVITED TO MEETING

Chinese students now at the Textile school have been invited to attend the next meeting of the board of directors of the chamber of commerce. It is part of a plan suggested by the chamber of commerce of the state of New York to improve relations between the United States and China.

The directors of the chamber of

DISHONESTY IN VETS' BUREAU

Gen. O'Ryan, Counsel for Investigating Committee Discusses Survey

Predicts "Dishonesty on Pretty Large Scale Will Be Found Here and There"

WASHINGTON, April 11.—A prediction that "dishonesty on a pretty big scale will be revealed here and there" by the senate investigation of the veterans' bureau, was made today by General John F. O'Ryan, special counsel for the investigating committee on the basis of information gathered by him in a preliminary survey.

General O'Ryan declined to go into details but indicated his belief that to a "great degree the method of handling large funds in the bureau had encouraged irregularities. He said that wherever evidence of criminal acts was uncovered, it would be laid before the department of justice.

The inquiry he has been conducting for the past month, has reached the stage, he said, where sessions of the senate committee itself probably will begin next week. He indicated that after several executive meetings the committee members would be asked to tour the country for inspection of the various bureau projects. After that the hearings are to be opened here.

In predicting that dishonesty would be found in the past conduct of bureau affairs, Gen. O'Ryan suggested that it was inevitable that where so much money was appropriated, there would be a psychological tendency to do everything on a lavish scale in a hurry and without the proper safeguards. It was almost an invitation to be dishonest, he said.

An organization of 23,000 employees, he pointed out, had been built up very quickly with the natural result that many were being paid for doing little or no work.

On the other hand, he said, he believed that many efficient employees were being inadequately paid. He indicated that the complaints received would be divided into three groups. Those which cannot be substantiated will be dropped. Those where nothing criminal can be proved but where he is satisfied there was something wrong, will be laid before the committee and those clearly involving criminality will be turned over to the department of justice.

KIDNAP GUARDS AND CHAUFFEUR

Four Insane Men Make Threatening Use of Smuggled Gun in Getaway

Bind Two Guards and Locked Them Up After Taking Their Keys

Police Capture Three of the Fugitives After Running Gun Fight

POUGHKEEPSIE, N. Y., April 11.—In a running gun fight, three of the four patients who escaped from Matteawan state hospital, early today, were captured near Bent, Conn., early this afternoon. The fourth got away.

Man at Large Has Gun

ALBANY, N. Y., April 11.—Superintendent Kiehl of the Matteawan hospital reported to the state prison department that the escaped patient still at large near Kent, Conn., is armed with a revolver.

Story of Escape

MATTEAWAN, N. Y., April 11.—Four desperate and insane criminals made a spectacular escape from the Matteawan state hospital for the criminal insane early today.

In their break for freedom they made threatening use of a smuggled revolver, bound two guards and locked them up after taking their keys from them and kidnapping two other guards and the institution chauffeur.

The three kidnapped men were released several miles north of Poughkeepsie, but all trace of the fugitives was lost. The men who escaped were: John Hawkins, New York, charged with first degree murder. He was committed to the hospital in November, 1920.

John Coffey, 25, New York, notorious fur thief, charged with grand larceny, first degree, and admitted to the hospital in March, 1920.

Marquis Curtis, 47, with a long prison record, admitted to the hospital in on record.

BIG AGRICULTURAL FAIR

Plans for Fair at Golden Cove Outlined Today at Ad Club Meeting

Arthur Caburn of the Lowell driving club speaking before the members of the Ad Club today, at the weekly luncheon of the organization here today outlined plans for an agricultural fair which in time would be a rival to the Brooklyn and Springfield expositions. The driving club possesses many natural advantages, which would make the proposition one that could easily be started.

The club, as you know, continues the speaker, has ideal grounds at Golden Cove, and the race horses could be used as a nucleus. Lowell, with its tremendous population and from its proximity to Haverhill, Lawrence and many of the cities in New Hampshire, is well situated as a market to draw the thousands of people in the Merrimack valley here. The fair would be an incentive to better the products of the agricultural classes in this section and to increase production.

GENERAL WAGE INCREASE IN PAPER MILLS

NEW YORK, April 11.—The International Paper Co. today announced a general wage increase in all its mills, effective April 15. Details of the increase are being worked out and will be made public in a few days. It was stated today, at the offices of the company.

DRIVER OF CAR THAT KILLED OLIVER BISSON IS ARRAIGNED ON MANSLAUGHTER CHARGE

Elmore L. Pierce of Draent, who yesterday afternoon admitted to the police after considerable grilling that he was the owner and driver of the Studebaker automobile which last Tuesday night struck and caused the death of Oliver C. Bisson, 80 years old, retired violin and cornet player and instructor, at the corner of Hall and Aiken streets and later disposed of the victim in a deserted spot off Webster street, pleaded not guilty to manslaughter in the district court this morning. He was continued in \$5000 bonds until May 11, pending the result of the inquest. The specific complaint lodged against Pierce reads that he "did assault one Oliver C. Bisson and such assault and beating did kill Oliver C. Bisson." Attorney James E. O'Donnell appeared for the defendant.

HOLY CROSS AND TEXTILE

Local Baseball Season Opens This Afternoon at Textile School Campus

Mayor John J. Donovan opened the local baseball season at the Moody street grounds this afternoon, by tossing out the ball which started the Holy Cross-Textile clash. Holy Cross, as in previous years, has one of the best college baseball teams in the city.

MASS MEETINGS ON INTERNATIONAL AFFAIRS

DES MOINES, Ia., April 11.—The first of two mass meetings on international affairs planned by the convention of the National League of Women Voters will be held tonight.

Secretary of Commerce Hoover will be the principal speaker and it is reported in messages received from Washington that he will sound the opening gun in President Harding's campaign for public support of the international court of justice.

The second mass meeting will be held Friday night, when Lord Robert Cecil, British proponent of League of Nations; Mrs. Thomas G. Winter, president of the General Federation of Women's clubs, and Mrs. Gifford Finchot, wife of the governor of Pennsylvania, will be the speakers.

Di Lorenzo Released in Murder Case

NEW YORK, April 11.—Rosario di Lorenzo, Jersey City harbor's assistant, who had been held with his employer, James Blandino, in \$50,000 bail as a material witness in the murders of Mrs. Blandino and Miss Ethel Phillips, of Bayonne, was released today. Blandino still is held. Investigation of the murders still continued today but the police apparently had made little headway toward determining the identity of the slayer or slayers.

MEETING OF THE DEBT FUNDING COMMISSION

WASHINGTON, April 11.—The American foreign debt funding commission has been called to meet next Monday to give further study to the agreement which is now approaching completion.

Only the formal authorization from the British government to Ambassador Geddes here to sign the agreement and the funding loan remains to conclude the negotiations.

The announcement of the call for the meeting was made at the White House today by Senator Smoot, republican, Utah, one of the members of the commission after a conference with President Harding.

The debt commission has been waiting for several weeks for final action at London. Whether the expected action would be communicated to the commission at its meeting Monday, was not known to Senator Smoot but it is believed the meeting may be able to expedite the matter.

DENY FISH DEALERS STAY

WASHINGTON, April 11.—The supreme court today denied the application of Frederick M. Dyer and 14 other Boston members of the Bay State Fishing Co., for a stay of the execution of the sentence imposed upon them by the state courts of Massachusetts upon their conviction of having created a fish monopoly.

The application for a stay was based on a petition filed by Dyer and his associates, asking a writ of certiorari.

PUTS LID ON CANDIDACY STATE BLOCKED AT EVERY

Pres. Harding Will Stay at Home if People Call Trip Political

WASHINGTON, April 11.—President Harding took occasion yesterday to let it be known emphatically that he regards the present political discussions as to his candidacy in 1924, as most premature, and furthermore, that he will forego his contemplated western trip rather than make it as a political leader.

Upon the disposition of political talk depends whether the president will make the trip he is planning to the Pacific coast and Alaska during the summer. He was said to be making all plans for the trip, starting about June 20 and reaching Alaska about July 10, but he was said to prefer remaining in Washington, "in communion with Laddie Boy," in a trip which would put him before the people as a candidate for re-election.

The discussion of the proposed trip brought out that the chief executive, feeling that his visit to Panama prior to his inauguration had added him greatly in dealing with matters relating to the Canal zone, was extremely anxious to get first hand information as to conditions in Alaska.

To make this information available to those directly concerned with the administration of Alaskan affairs, the president, it was said, proposed to take several members of his cabinet with him. The White House spokesmen did not say what cabinet members would accompany the executive but Secretary Work of the Interior department recently made the statement that he and Secretary Wallace of the agriculture department probably would visit Alaska, during the summer and that Secretary Hoover, of the department of commerce, would be a member of the presidential party.

With respect to the portion of the

TURN IN WARD CASE

ALBANY, N. Y., April 11.—State investigation of the alleged slaying of Clarence J. Peters, ex-marine, by Walter S. Ward, millionaire baker's son, blocked Monday when Ward's counsel obtained an injunction, restraining use as evidence of cablegrams which passed between Ward and his family, received another setback yesterday when the Western Union Telegraph Co. failed to turn over the documents upon vacating of the injunction by the appellate division.

The vacating order, Attorney General Carl Sherman declared last night, was obtained by the state expressly to permit use of the cablegrams as evidence. They purported to show, he explained, that Ward, shortly before Peters' body was found, sought to negotiate a substantial loan through the Ward Baking company interests.

"The public ought to know that after the vacating of the injunction and the issuance of a new subpoena, demanding the cablegrams, the Western Union Telegraph Co. has not yet complied," he declared.

"It doesn't seem to me that the Western Union should fight the battle for Ward."

The cablegrams passed between George S. Ward, father of Walter, who is alleged to have shot Peters, and Ralph Ward, Walter's brother, while the father was in Europe. Testimony given by Ralph Ward, a week ago, disclosed that the subject of the cables was a request by Walter that the Ward Baking company advance him a loan of between \$50,000 and \$100,000.

The elder Ward first called his consent to the loan, Ralph testified, but the same day sent an order cable telling Ralph that if the money was to be used to pay blackmailers, Walter could not have a cent. Ralph was unable to learn from Walter what the money was to be used for, so did not advance it to him, his testimony disclosed.

"The state investigators have known of the existence of the cablegrams ever since they started on the Ward case," Attorney General Sherman explained.

"Every effort has been made to obtain copies of them, but the state has been blocked at every turn," he continued.

BON MARCHE PARTY THIS EVENING

The springtime party of the members of the Employees' Mutual Benefit association of the Bon Marche will be held this evening in Associate hall. The party will start with a concert, after which dancing will be in order for the remainder of the evening.

Ordinarily this association just holds an annual party each year but the last one was so decidedly a success that the springtime affair was arranged for. This will be an informal affair, the young women will appear in their spring finery and the hall will be decorated fittingly for this season of the year.

Those participating in the concert are as follows: Honey Boy quartet; Misses Lena and Mary Dion, in dancing specialties; Ella Dent and Mary Dion in vocal duets; the Green sisters in a dancing specialty and Raymond Kelly and Charles Keyes in songs.

The officers in charge of the party are: Miss Margaret Chisholm, general manager; Vina Garrity, assistant general manager; Katherine Sparks, treasurer; Florence Gallagher, doorkeeper; and Kathleen Jarrell, assistant door director.

trip from Washington to the Pacific coast, the White House spokesman said it was only natural that the president should yield to invitations to speak.

The president was said to be determined to make his addresses of a non-partisan nature and although the subjects have not been decided upon, it was asserted to be safe to assume that they would include some of the more important national problems such as the railroad and transportation question.

Fifty Years Ago

A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription," and placed it with the druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weakness of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce's, called An-uric (for kidneys and bladder), has been successfully used by many thousands who write Dr. Pierce of the benefits received.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.—Adv.

SAFEKOTE SHINGLES (Highly magnified and with slate surface removed) show practically no change after long exposure.

NOVEL SHOWING
GIVEN BY BUICK

Fred S. Emerson of the Lowell Buick company has recently received a clipping from a San Francisco newspaper which tells of a novel demonstration of the efficiency and safety of torque tube construction in a Buick car. The demonstration was given during auto show week in San Francisco.

According to the story thousands of people on the streets of San Francisco were surprised to see a car with the rear springs detached from the axle towing

an immense steam roller weighing in excess of two and one-half tons. It was a Buick automobile and the stunt was performed to illustrate the reliability of the torque tube construction of what happened to the rear springs.

Over the steep hills of San Francisco the steam roller was towed by the Buick with the two rear springs painted white so that they could be plainly seen as they hung suspended in the air several feet above the rear axle.

The nearest approach to perpetual motion is a man hunting a drink.

ANY MORE ROOM
ON THE HIGHWAYS?

The greatest month in the history of the automobile industry has just been passed. This is established in the report to the directors of the national automobile chamber of commerce, that production of passenger automobiles and trucks in March totaled 316,000.

The output for the first quarter of this year reached \$47,000, the greatest ever, and more than twice that of last year's first quarter.

From this report, directors believe,

this year will see the record production of 3,000,000 motor vehicles, making the number on the highways mount beyond 15,000,000—or about one car to every seven persons in the country.

Limited supply of closed bodies might retard this production, but there are no signs of this as yet.

teams in the country, regardless of the fact that there are three youngsters in the infield and one in the outer garden, Cote at short and Walsh at third are freshmen, playing their first year of inter-collegiate baseball.

Bill Glenon, in center field, is remembered for his great playing at quarter on the Braves' field, against Boston college last fall. He is said to be one of the best hitters on the squad.

Catch (Catcher) of the Textile school has been putting a large, likely looking squad of candidates through their paces for the past two weeks in preparation for this important game.

The following men will be seen in action for Lowell, Olson catch, Claude or Ray Farwell, or Blanchard pitcher, Joy first, Scanlon or Brigham second, Capt. Maicher third, Reynolds or Sunderland short, Sullivan right field, McKay or Sutcliffe center field, Valentine left field.

Holy Cross lined up as follows: Cote short, Gaitreau second, Dugan right, Doherty first, Blapel left, Simondinger or Glenon center, Walsh third, Ryan or Barry catch, Horan or Carroll pitcher.

Holy Cross Plays Textile

Chinese Students Are Invited to Meeting

Commerce considered the matter at their last meeting and decided to invite the students to their next meeting, thus helping them to get an insight into American business affairs and better acquainted with American business men and methods.

The students now at the local Textile school and others attending schools throughout the country are being financed by the Boxer indemnity fund.

By reaching the hundreds of Chinese students throughout the country and introducing the to American customs and business methods it is thought that relations between America and China will be much improved.

If not immediately, eventually, when the students return to their native land.

There are fifteen Chinese students at the local Textile school and President James of the school speaks very highly of their progress.

Free State Headquarters Denies De Valera's Capture

men being captured at Clonmel, this morning.

On Heels of Rebel Leaders

LONDON, April 11. (By the Associated Press.)—The Irish Free State forces are hot on the heels of Eamon de Valera, Countess Markievicz, Dan Breen and other prominent republican leaders and their capture is hourly expected, says a Belfast dispatch to the Evening News today.

They are said to be hiding in the Knockmeal-down mountains, a rugged, desolate range in Tipperary.

Six Men Executed

DUBLIN, April 11. (By the Associated Press.) Six men were executed this morning at Tullam, County Galway, says a Press Association dispatch from that town.

LIAM LYNCH, IRISH REBEL LEADER, DIES

DUBLIN, April 11. (By A. P.)—Liam Lynch, chief of staff of the irregular forces, wounded and captured by Free State troops yesterday morning, died at 8.15 o'clock last night.

The death of Liam Lynch is regarded here as heralding the final collapse of the irregulars. Lynch was a dominant figure in army councils. He has been a powerful influence over Eamon de Valera, with whom he worked. Both men signed all important decisions and virtually constituted the republican dictatorship.

Lynch was captured by the Free State forces yesterday morning at Knocknasallen near Newcastle, after an engagement in which he was seriously wounded.

Yesterday afternoon an additional catch of captured republican correspondence was made public at the Free State army publicity bureau. Among the communications was a letter from Eamon de Valera complaining that Lynch was not sending him reports and that "his silence is ominous." In the letter de Valera defined his own attitude as a rejection of the truce offer, no matter what the consequences.

Lynch, in one of the captured letters, referred to the recent publication of his communications to Sean Moylan, who is now in New York. Among the letters published is also one from the republican officer commanding in Great Britain, describing the organization there as pretty hard hit by arrests of republicans there. It added that the adjutant general was particularly concerned with devising a safe means of corresponding with America.

Peace Plan Sent to De Valera

LONDON, April 11. The Dublin correspondent of the Press Association, reporting a meeting of the hierarchy, which followed several days of private discussions among individual bishops, says it is understood some tentative proposals looking to peace have been submitted to Eamon de Valera and Austin Stack, the republican leaders. The proceedings yesterday were private, and no statement was issued, but, according to the correspondent, a sanguine feeling prevails, especially as a secret meeting of the republican executive committee was in progress at the same time for discussion.

Serious Blow to Irregulars

DUBLIN, April 11. (By the Associated Press.) The death of Liam Lynch, who succumbed last evening to wounds received when he was captured by Free State forces near Newcastle yesterday morning, will be a serious blow to the irregulars, it is believed here, Lynch, is chief of staff

of the republican army, was the man most intimately associated with Eamon de Valera.

The capture of Liam Lynch by soldiers of the Free State, says the Irish Times, "inflicts a heavy blow on the forces in arms against it. During of guerrilla tactics, he more than any recent months he has been the real other man has kindled the temper of revolt and prolonged the resistance to the people's will."

"There is plenty of evidence that the rank and file of southern republicans and some of their military leaders are weary of the barren conflict and realize that however prolonged, it can have only one end."

leather; feather mattress, clothes closet, white enamel sink, aluminum lined recess for stove, two cupboards under sink and stove recess, portable collapsible table, hot and cold water connections, cold water storage tank. Besides, there's a package rack, two dome lights, nickel-plated brass, and glass fittings, door at the rear and side with step and tire rack, two removable leather seats, and so on and so on. You may even install a radio set, if you wish. Altogether, the "bungalow" makes a good, comfortable road home for summer travelers. It is built in two sizes, one for highway travel a little wider and higher than the other for hilly country and off roads.

Shooting in Various Parts of Memel

MEMEL, April 11. (By the Associated Press.)—Shooting has occurred in various parts of Memel in the course of the last two days, but no casualties have been reported. Further detachments of Lithuanian infantry and cavalry arrived on Monday and several arrests were made. Some of those taken into custody were removed to Kovno, while others were deported from Memel territory. It is announced that as a result of negotiations between the Lithuanian high commissioner and the German strikers, the general strike will end today. The shops are also expected to reopen.

Move to Induce King's Laborers to Strike

LONDON, April 11.—The latest development in the Norfolk farm strike is the attempt made yesterday by union officials to induce laborers on the king's estates to quit work. Apparently satisfied with their conditions of employment, His Majesty's workers have hitherto refused to strike. As yet they have given no clue to their attitude toward the persuasions of the union, but they are expected to show their hands at the end of the present week.

Lightship Which Sank March 6, Floated

NEW BEDFORD, April 11.—Lightship No. 90 which sank off Nashawena island March 6, was floated at five o'clock this morning and towed into this port by tug guardsmen. A crew of 50 men of the Merrill, Chapman, Scott Wrecking Co., had been trying to float the vessel since March 7.

Is Your Trouble In Your Head?

Are you getting headaches? Do you have Head Aches, which at times almost drive you frantic? Do you have discharging Ears—no consequences of it which are well known to physicians? Are your nostrils clogged? Do you have drooping into the throat? Is your breath offensive? Do you have Catarrhal (headaches)? Does your throat get dry and sore? Do you have any other symptoms of Catarrh? If you are afflicted with any of these conditions, use RESOLIN.

This standard preparation has been prescribed by physicians since 1902. RESOLIN, with full directions on bottle, can be obtained at drug stores. If your druggist hasn't it ask him to get it for you—Adv.

COUNCIL WILL ASK PERMISSION TO BORROW \$700,000 FOR SCHOOL PURPOSES

Members Vote in Favor of New School Building for South End District—Nomination of Hon. Dennis J. Murphy as Member of Public Service Board is Confirmed

The municipal council at a meeting, held last night, went on record as favoring the erection of a 30-room school house in the South End district, and voted to ask permission from the legislature to borrow \$700,000 beyond the debt limit for school purposes. Hon. Dennis J. Murphy's appointment as a member of the public service board was confirmed and the matter of a wage increase for the employees of the ash department was referred to the mayor.

Members of the board of health filed a request for a wage increase for the yard men and this, too, was referred to the mayor. The ordinance of Councilor Lambert for the creation of a board of public works was referred to next year's government, while that of Councilor Daly for the retention of the public service board was referred to the committee on ordinances.

The sum of \$50,000 for the erection of bridges was adopted and orders aggregating \$150,000 for sewer and street work were ordered advertised. Several residents of the South Lowell district spoke in favor of improvements to Lawrence street. Turnouts were drawn for the superior court and other business was transacted.

Meeting in Detail
The meeting was called to order at 8:05 o'clock with President Gallagher in the chair. Several petitions relating to streets and sewers were read and referred. Rev. J. B. Labossiere and others petitioned that the name of Ferry lane be changed to St. Louis ave. and the matter was referred to the board of public service. Several other petitions relative to garage and gasoline and pole locations were also read and referred. Several claims for personal injuries and damage to property and automobiles were presented and referred to the city solicitor.

The Colonial Filling Station, Inc., was granted permission to maintain a garage and filling station at the junction of Varnum avenue and Pawtucket boulevard.

A communication was received from the public service board requesting a supplementary budget for the department to increase the wages of the employees of the ash department to \$5.20 a day.

James J. Hruha, counsel for the ash department employees, speaking in behalf of the men, said for the past few months they have worked between 10 and 10½ hours a day without extra compensation, while the men employed on the dumps do not quit work until after 3:30 p. m. any day. He further stated that they receive 70 cents a day less than other city laborers, while they also have to work on all holidays of the street and the remainder to be used for park purposes. He further stated if the city were willing to move the barn and carriage shed to the cemetery proper, all the land would be deeded to the city.

Richard Sykes told of the bad conditions existing in the district, and said the public service board has block paved the approaches to the bridge. He said there are Catholic and Methodist churches in the district, as well as public and parochial schools, and all that is needed now is a good street to get to the district.

"We don't ask much and we have been patient for years. The road is in a deplorable condition. We only ask you to lay out the road between the two bridges this year. We were promised the work would be done this year, but it is not included in the program of the public service board." He concluded by making an appeal for

HON. DENNIS J. MURPHY

the smooth paving of that section of the street extending between the two bridges.

The next speaker was Rev. John Singleton, pastor of the Lawrence P.M. church, who stated that after a rain storm the street has the appearance of the shelled area of France. He said automobiles on the street are in constant danger of being damaged.

Mr. Sykes stated the Rev. Guillaume Onfleite, O.M.E., former pastor of St. Mary's church in South Lowell wished to be present to protest on the condition of the street, but was unable because of a mission going on at the church.

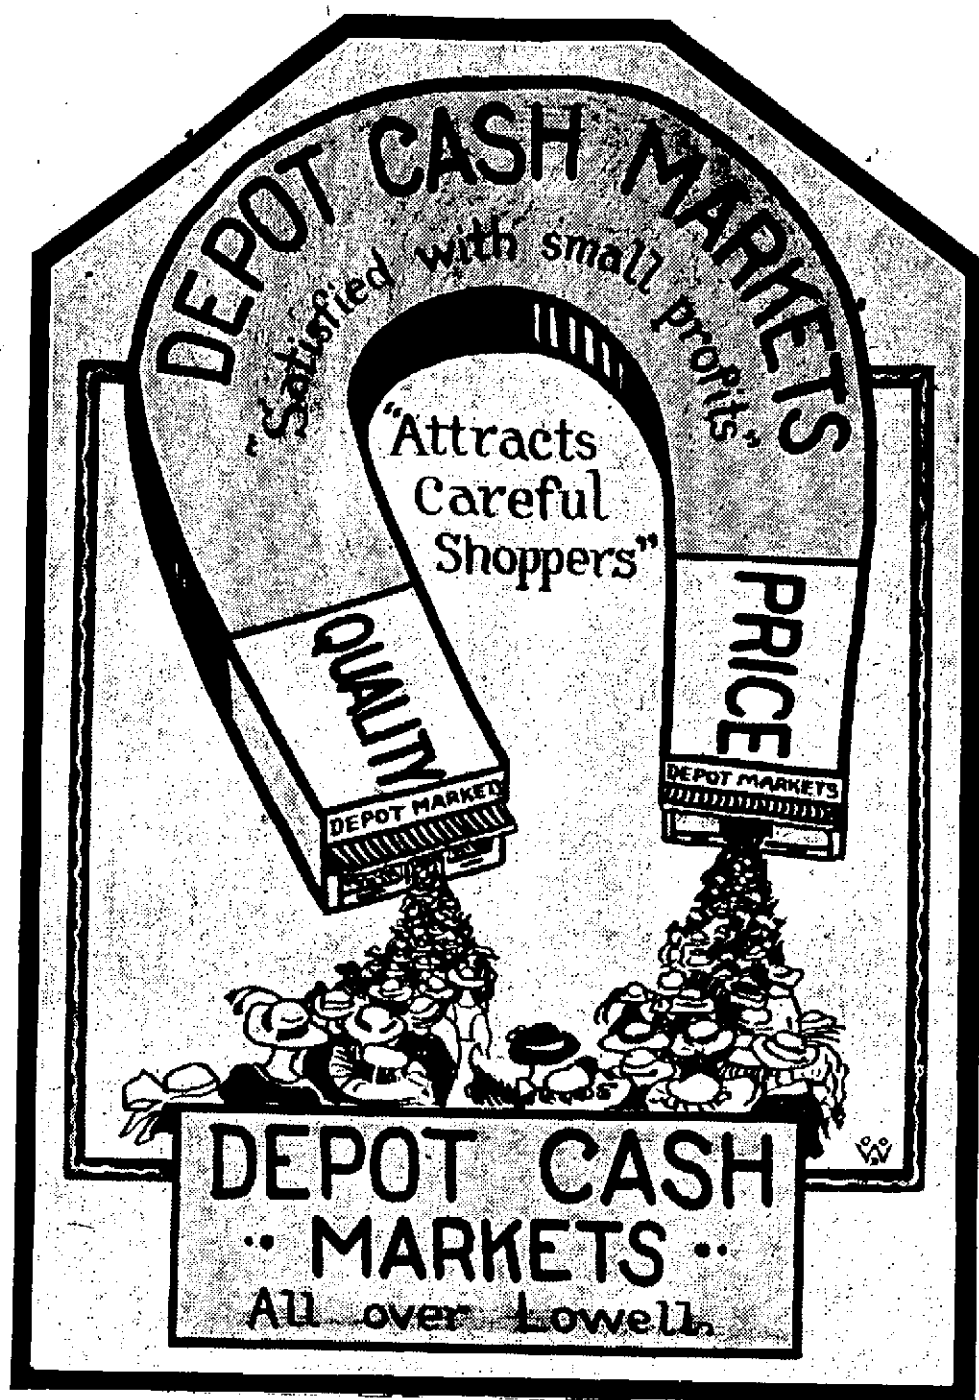

Benjamin Staveley, an old resident

COUGH SO BAD THAT HE SPAT BLOOD

Right Lung So Sore He Could Not Lie on Right Side

Mr. Thomas Nickerson, formerly of 24 Flint street tells how he was cured of a racking cough and sore lungs by using Allen's Lung Healer. He says: "I had a bad case of pneumonia, which left me with an awful cough. My right lung was so sore that I could not lie on my right side at all. When I had a bad spell of coughing I would spit up blood. Having used Allen's Lung Healer before, I began to use it again and I am thankful I did. I took three and a half bottles and am glad to say I was entirely cured. I can't say too much for it as a great lung healer."

Allen's Lung Healer is sold in Lowell by A. W. Davis & Co., Sam. W. Cord, L. R. Bunnell, H. R. Campbell, Lowell Pharmacy, J. J. Brown, Wm. H. Noonan, T. G. Walker, Fred Howard, E. H. Butler, Adm.

Council Asks Permission To Borrow \$700,000

Continued

of the district, also spoke in favor of the improvement. Other speakers were Robert Catherwood, William Hodgson, Arthur Brin, president of the South Lowell Improvement association, Cyril Menard who is in the trucking business, invited the council to take a ride in his truck over Lawrence street and he said if they do not get a headache he will buy them a good dinner.

William Robinson and Joseph A. Plante also spoke, the latter being introduced as the "deputy mayor" of South Lowell, who stated all the residents of the district are looking for a fair play. At the request of Mr. Sykes about 75 men voiced their approval by standing up.

Councilor Daly said this is the second scene of a dramatic act set forth by the residents of South Lowell, and no more actor could play the part better. He said all they are asking is a fair play. "This meeting is not being held," he continued, "for the purpose of intimidating the council to do things that the public service board did not deem advisable to do."

Mr. Daly then presented a motion requesting the public service board to include in its program for 1923, the smooth paving of that portion of Lawrence street, requested by the residents of the section and to report to the council at its earliest convenience.

Councilor McAdams said he believed the street is paved the sewer that empties into the Concord river should be connected with the sewer. He made reference to and criticized the police and fire protection in the district. The motion was unanimously carried.

Increase for Ash Men

The matter of the wage increase for the ash men was again taken up. Mr. Gallagher read a part of the charter to the effect that the council has no power in increasing wages for laborers in the district. He said he thought the best procedure was to send the communication to the mayor. Mr. Cosgrove said the council might just as well not be in office if it cannot appropriate money. "We are simply 15 dumbbells," he said, "although we are held in strict account for all money spent."

Mr. Gallagher said the council has a right to change matters when going right. He said the duties of the council were purely legislative. "At that rate," said Mr. Cosgrove, "we could do our work in one night, appropriate \$5,000,000, turn it over to the other fellows and have them spend it."

It was voted to refer the communication to the mayor.

Arthur T. Sanford notified the council he will serve on the committee to investigate fire protection in the Belvidere, Oaklands and other districts. A similar communication was received from John S. Caldwell.

\$700,000 for New School

A communication was received from the school board requesting that the legislature be petitioned for permission to borrow \$700,000 beyond the debt limit for school purposes.

Thomas B. Delaney said the business agent, the superintendent of schools and the mayor were delegated to represent the board at the council meeting, and that he, Dr. Slaughter and Mr. Brin, three members of the board, were not present in an official capacity, but simply because they were interested in the erection of a new school in the South End district. He reviewed the work of a special committee of the school board in relation to the project and also made reference to the vote passed by the board at its last meeting relative to a loan of \$700,000 beyond the debt limit. He said the city government has been very generous in voting money

for schools in the Highlands, Centralville and Pawtucketville, but for some reason or other has never done anything for the so-called South End district. He made reference to the junior high school system and he urged the council to give the project a most earnest consideration. He said the children have no vote, but they have a voice, a body and a soul; they are the citizens of tomorrow and should be given some consideration.

Mr. Brin also stated that he hoped the council would act on this matter and act quickly. Dr. Slaughter stated that the Edison school is unsatisfactory and has been condemned by the state, and something should be done at once. She said she favored the erection of a 35-room building in the district, for the children of the district should be given the best there is.

Councilor Lambert said he believed the district should have a new school, but he did not think it advisable to be too hasty in the matter.

Mr. Slaughter asked if the erection of a 35-room building would eliminate the Ames street school, the Colburn, the Lyons street school and other schools in the district, and the reply was in the affirmative. He then stated that the sale of the schools mentioned would yield \$15,000 to the city and that would help in defraying the cost of the proposed new school.

Mr. Cosgrove cited the various buildings in other parts of the city including the new high school built on a bus at the mill gates, but there is nothing in the line of civic buildings in the South End district.

Mr. Slaughter moved that the city council approve the request of the school board.

Speaking on the motion Councilor Stearns said he believed in the needs of the district, but did not feel that hasty action should be taken. He cited the words of Representative Achin at the school board hearing last Thursday night, to the effect that it would be useless for the city to undertake to carry out such a project outside the debt limit this year. He believed the council should wait until a formal report is received from the school board relative to the site, the nature of the building, and its cost.

Mr. Stearns offered an amendment to the motion that the matter be postponed.

Mr. Lambert called attention to the fact that \$700,000 would only cover the erection of the building, nothing being said about the purchase of land. Mr. Slaughter argued in favor of his motion on the ground that the parents of the district are asking for a new school. On a vote the amendment was defeated, and the original motion was carried.

Mr. Stearns moved that the names of the councilors who voted in favor of the motion and those who opposed be attached to the petition. A roll call was then taken on the original motion, with the following result: Councilors Cosgrove, Chadwick, Christian and Stearns voting in the negative and Councilors Cosgrove, Daly, Fitzgerald, Gallagher, Hennessy, Lambert, McAdams, Mortimer and Slaughter in the affirmative. Messrs. Genest and McAdams were not present.

Sewers and Paving

Orders for appropriations of \$150,000 for the laying of sewers, macadam pavement, permanent pavement and sidewalks were ordered advertised.

An order for an appropriation of \$60,000 for the construction of bridges was adopted.

An ordinance for the establishment of a board of public works consisting of three members, filed by Councilor Lambert was read, the members of the board to be appointed by the mayor and confirmed by the council. The ordinance calls for the abolition of the present public service board.

Mr. Lambert moved that the ordinance be referred to the committee on ordinances. Mr. Cosgrove moved as an amendment that the ordinance be referred to next year's government and it was so voted.

Traverse Jurors Drawn

Councilor Fitzgerald drew four jurors to serve as traverse jurors at the superior court now in session in this city as follows:

Arthur L. Lavey, 114 Ford, grocer; Frederick H. Desmond, 193 Stockpile.

CHILDREN'S COATS Latest Spring styles—Special \$12.00

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wreth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wreth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger. Adv.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentholatum. Says a noted skin specialist, "because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentholatum from any good drugist, and use it like a cold cream. Adv.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor
SUN BUILDING, LOWELL, MASS.

Member of the Associated Press
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published here.

THE HOUSING PROBLEM

The Sun learns that a movement has started for an increase of rents particularly in the poorer class of tenements. For this there seems to be little or no excuse and if it is due to an effort on the part of the owners to gouge the last cent possible from their tenants, then it may be necessary to do something to protect such tenants as can neither pay the increase nor find a tenement elsewhere.

The housing shortage has not yet been overcome in this city and the tearing down of the Saco-Lowell tenement property will cause 75 families to go out in search of locations elsewhere. This is quite a serious matter and it is difficult to see how or where these families will find suitable dwellings if driven from their present homes.

The discouraging feature of the housing situation is, that there is little prospect of immediate relief as the high cost of building operations and the difficulty of getting material, have caused many proprietors to postpone building plans they had arranged for the coming season.

If property owners should take advantage of this situation to raise the rents, as some are already doing, the conditions would become sufficiently serious to call for intervention by city or state authorities. No family should be forced out without having secured some suitable home in which to locate.

THE GASOLINE TAX

The Automobile Legal Association has entered a strong protest against the proposed two cent tax on gasoline. Statistics are given to prove that already motor vehicles are taxed to the limit and that any tax over 1 cent a gallon on gasoline would result in a loss to the owners of such vehicles. From 1912 to 1920 the increase in percentage of the maintenance of government amounts to 77-10ths but the increase in the percentage of highway costs is less than 1 per cent, while the increase in the number of motor vehicles was 470 per cent. Last year, as reports show, the state tax was reduced by \$2,000,000 and this was made possible by the fact that the fees for motor vehicles were paying the cost of state highway construction. It is further shown that motorists in Massachusetts bear 73 per cent of the cost of maintenance, repairs and construction of highways, while in Rhode Island they pay 60 per cent; in New Hampshire 52 per cent; Connecticut 49 per cent; New Jersey 37 per cent; New York 26 per cent; Ohio 16 per cent. In addition to this the increase in registration fees in the past four years including car taxes, was almost doubled, being \$2,576,729 in 1919 and \$4,853,493 in 1922. This statement also shows that the average tax rate for 1922 was \$27.48 on motor vehicles and that the total tax paid, including excise, property tax, excise tax on tires, and registration fees, amounted to \$29,454,708. It is estimated that a one cent tax on gasoline will produce a revenue of \$3,500,000 annually, and that any larger burden would be not only unreasonable but unjust and unnecessary. It would seem, therefore, that the owners of motor vehicles are justified in sternly opposing a two cent tax on gasoline where a one cent tax is amply sufficient for the purpose intended and is the limit to which any equitable system of taxation should go.

THE DATE OF EASTER

Editor Sun: Dear Sir:—As a Worcester clergyman, I made the statement that the Easter festival this year was observed a week too soon, will you please inform me as to how the date of Easter is settled and by what authority. By so doing you will much oblige,
Yours,
J. V. M.

Ordinarily the date of Easter falls upon the Sunday after the full moon after the 21st of March, which is the vernal equinox and the beginning of the ecclesiastical year, and if on a Sunday, then Easter is observed on the following Sunday.

Inasmuch as the full moon this year fell upon April 1, the contention arose that Easter should have been observed one week later. It appears, however, that the full moon referred to is not the moon that we see in the sky but the ecclesiastical, or calendar moon, the changes of which differ slightly from those of the real moon. The calendar moon precedes the moon we see in the sky and its cycles are found, not by watching the real moon, but by consulting an ecclesiastical table. This arrangement as applied to the present year shows that while the moon was full at 8:13 a. m. in this longitude on April 1, the day dawned earlier upon European Christians than on us in America and still earlier upon the Christians in the far East, the difference being one hour of time to every 15 degrees of longitude, or about five hours between Washington and London and so on. As the moon moves daily about 12 degrees eastward, she would not be in exactly the same position as regards the sun when Easter dawned on the Christians of Asia or Europe as when the sun rose in the United States. In order then that all the world over may observe Easter on the same day, an ecclesiastical moon is adopted which slightly anticipates the real moon and this very naturally led to the controversy.

MINIMUM WAGE LAWS VOID

Minimum wage laws go toppling down all along the line as a result of a decision of the United States supreme court declaring void a minimum wage law for women and children of the District of Columbia. The decision affects 12,000 women and minors in the District of Columbia and the number who will be affected in the various states in which such laws are in operation cannot be estimated. The majority opinion says the minimum wage law is a price fixing act and, therefore, an abridgment of the right of contract. Chief Justice Taft, Justice Holmes and Justice Sanford, who dissented from the opinion of the majority, hold that it is a police measure designed to protect the public health, morals, safety and welfare of the people. Justice Brandeis took neither side of the controversy.

It is to be regretted that such a safeguard against abuse of women and children should be abolished; but up to now the time for the spring cleaning of the law is not yet come.

SEEN AND HEARD

Growing old is a bad habit. Keeping it up will get you.

A reformer gets mad when he can't think of anything wrong.

Devilry may be the soul of wit, but there is nothing very funny about being short of cash.

"There are not so many bootleggers," says an officer, "perhaps they worked themselves to death."

Pupils in the Carr school, Ballville, O., decided when their teacher became sick, not to go home as usual but to organize their classes with the older pupils acting as instructors.

The first "air lighthouse" at Mitchell field, New York, has been pronounced a success by the air corps. It will flash in Morse code the first letter of the field's name at 15-second intervals for the guidance of night fliers.

The New York police are confident that they will find Miss Helen Juhling, who disappeared from the home of John F. Freund, because she is six feet, two inches in height and wore bright yellow army shoes, size 13.

A city planning weather map, the only one of its kind ever produced, which shows the best residential districts of Worcester from a climatic standpoint, has been completed by Prof. Charles F. Brooks, of Clark university.

Film as a Rock

"There," he said, as he surveyed the clothes post, which had taken him the best part of the afternoon to fix in the garden, "that's as firm as a rock. Even the combined forces of the elements cannot bring it down." Later in the day he found the pole on the ground. "Did you do this?" he demanded of his eight-year-old son. "No, father," was the reply; "a sparrow perched on it, I saw it myself."

A Lesson Learned

While MacGregor returned home after his first day at school, his father asked the young scholar what he had learned. "I learned," he said, "yes, 'mam,' and 'no, sir,' to my mother and 'no, sir,' to my father. 'Yes, mam,' said his father. 'Age,' responded Willie—Edinburgh Scotsman.

Intentional

"Did you ever meet with any accidents?" inquired the insurance agent of the puncher who had applied for a policy. "No," said the puncher, then adding apparently as an afterthought, "a brook kicked two of my ribs in one time, and a rattlesnake bit me on the leg a couple of years ago."

Capitol Jokes

This introduces U. S. Representative James A. Gallivan. Pretty nearly everybody in this neck of the woods knows Jim. He is a native of Washington, D. C. There was an election coming, and in my halliwick, anyhow, the interest didn't seem to be exactly intense. Meeting an old ward heeler I said: "Well, Jim, what does it look like to you—this or that?" "The republicans or the democrats?" "Yes," Mr. Gallivan, he responded, "they'll all be licked—nobody'll be elected."

Wasn't Looking

Colonel Muggs was playing his usual 18 holes before lunch, he was a long way along his usual round, and he may have had shots. In consequence of this his temper, never one of the best, became somewhat ruffled, and his anger increased when he noticed that a laborer was following from hole to hole. At last he could stand it no longer. "What are you looking at?" he burst out. "Looking, sir," replied the laborer, "I ain't looking, I'm listening."

Cute Thing's Question

As the "swelling London" he called pointed to a big old house surrounded by a high brick wall and impaled information to his cargo of American "rubbernecks." "That," he bawled, "was the town residence of the Duke of Devonshire, one of England's largest landed proprietors. There was a moment's reverent silence and then the pretty girl in the second seat looked up with sudden enthusiasm. "Gee!" she cried, "who lived there?"

A Naughty Man

Eyes that are clear enough to see. The best in others; feet that keep. Beside a chum whose road is steep. Brave hands that work all honestly.

Ears that are open to the cry Of weaker folk; a voice that sings In spite of all the thorns and stings That on the road of journeying lie.

A soul that takes the straightest way; A heart that keeps its outlook sweet; However long and grim the day; Fine things about his life-path meet Before his character is complete And we can call him—Man!

By LILLIAN GUARD.

EDITORIAL COMMENT

Useful in a Way

Springfield Republican: Mayor Ryland's insistence on spending half a million dollars to celebrate Greater New York's 25th anniversary and his own administration has been useful in calling public attention to various things that the city is in real need of.

Defending the Farmers' Bloc

Chapman Weekly: Grain, it may be said, is not considered a perishable commodity by farmers. It can be held for shipment. Wheat in existence which came out of the tomb of Egypt. But the products of acres of the finest land, peaches, apples, and oranges, can be held and sold at a profit. The same thing may be said for thousands of acres of hay which were not even cut.

The Daylight Saving Law

Lawrence Tribune: A strong effort was made by the agricultural interests in the western part of the state to defeat the daylight saving law. The law, however, the repeal bill substituted for the adverse report of the committee on legal affairs.

To offset this Representative Sage.

PATRICK J. REYNOLDS

ATTORNEY-AT-LAW

Room 517 Hildreth Building

MAN ABOUT TOWN

Crops of lettuce and early asparagus will be larger this year than last, due to the early start in planting. But crops of early cabbage and cauliflower will be smaller. Tell the wife. This is important news to her. The department does its forecasting by analyzing the reports sent from its thousands of agents. June 25 will try a new stunt—estimate cotton acreage by taking photographs from airplanes in selected districts. Something new under the sun.

We live in a world of mysterious chemical magic. A few drops of water will extinguish a lighted match. Yet the same match, thrown carelessly aside while glowing, may burn millions of acres of forests. A dash of water, plus carelessness, makes the difference. You'll hear more about forests in the week beginning April 22, set aside by President Harding as "Save the Forests Week." Every week should be a "Save the Forests Week." We're on the way to a treeless nation within another generation unless we conserve.

The board of health, I understand, has information to the effect that many families in which small children are reared, neglect the doctor's orders as to treatment and ventilation with the result that some of the little ones die when they might otherwise be saved. It is surprising to find how many small children are kept up in so many rooms where there is not a draft of fresh air perhaps once in 24 hours. This condition prevailed during the winter, especially in the families that were suffering from a shortage of coal and were afraid to open a window or door lest the house be robbed of heat.

Little infants in hot rooms close to the stove where there is no opportunity of ventilation, is not at all surprising in the opinion of some of the health agents who visit these places that the infant mortality is as great as it is. It might be materially reduced if some parents could be persuaded to carry out the simplest rules of health in regard to cleanliness and ventilation.

LOWELL GUILD SUBMITS MONTHLY REPORT

The Lowell guild has submitted the following baby hygiene report for the month of March:

CHANGES IN STREET RAILWAY POSITIONS

William E. Cahill, a spare inspector for the street railway company, has accepted the position of second-shift carhouse foreman. Harry Chase has been promoted from this position to that of day carhouse foreman to take the position left open by Thomas J. Sayers' appointment as superintendent of the railway.

Mr. Cahill is well known to the many people who take their cars from the square as he has acted as starter there during the absences of the regular starters on leave or for illness.

These appointments go into effect next Monday, but Mr. Cahill will be at the barn beginning Friday to learn the various duties that he will have charge of after next Sunday.

AMBASSADOR HARVEY PLANS VISIT TO U. S.

LONDON, April 11.—Ambassador and Mrs. Harvey are planning to leave London shortly for a tour of the United States. The exact date of the sailing will not be fixed until the ambassador, who is present in Norfolk and Mrs. Harvey, who is in Paris, return to London next week.

Mr. Harvey is well known to the many people who take their cars from the square as he has acted as starter there during the absences of the regular starters on leave or for illness.

These appointments go into effect next Monday, but Mr. Cahill will be at the barn beginning Friday to learn the various duties that he will have charge of after next Sunday.

Only a few weeks until all the baseball umpires should be hung.

Henry Ford plans a fishing trip. But he catches a million.

Nothing makes a woman madder than being married to a stingy man.

When the Prince of Wales fell off his horse he was the prince of walls.

King Tut garters are the latest. We don't see where they put all of this Egyptian stuff.

April comes in like a duck and goes out like a fish.

This boost in sugar prices is taking candy from the baby.

They say the ex-kaiser's wife has left him. Another war has lost.

The school board will soon give way to the spring board.

But the girl who danced 27 hours without stopping felt like something she seldom sees—a dish rag.

Turks have decided to have only one wife. Americans haven't.

A swallow flew from Wales to Africa, but rum runners bring us many swallows from Scotland.

Jazz music is composed. People who hear it are not.

This country needs alarm clocks. You can set 16 hours ahead of time.

Lieutenant Maffland flew 240 miles an hour. Darned near as fast as a dollar at a church social.

Summer is coming. There will be a hot time in the old town.

New York banker and \$50,000 are both missing. Perhaps they went out to look at some spring suits.

Hint the bright things. Suppose flies were as big as elephants?

It gets 20 below zero in Saskatchewan, so naturally the man who named the place sneezed as he did it.

People without buttons on their clothes may enjoy learning a laundry blew up in Philadelphia.

About a hundred presidential homes have started, but where on earth are the vice presidential homes?

Scientists say the earth's center is gold. He may be wrong, but you have to dig to get any.

Hardest thing about being a politician is staying fat enough.

LOWELL ORCHESTRAL SOCIETY CONCERT

Considerable interest is being manifested in the concert to be presented by the orchestral society on April 18. One feature which should appeal to the public at Lowell is that only a moderate price is charged by the society for admission to its concert.

Among the numbers to be performed are the "Swedish Symphony" by Hayden. A favorite composition in the simple, graceful style of the eighteenth century. In striking contrast to the symphony is "Finlandia," a modern work by Sibelius, depicting in a stirring, vigorous manner a composer's vivid conception of his native land. The beautiful overture "Fosca" by Schubert, and the latest music from Gounod's "Faust," will also be given.

ANOTHER BIG PLAY BY GIRLS' CITY CLUB

Those who have been fortunate enough in the past two years to have seen the plays "Kathleen and Springtime," given by the Girls' City Club will welcome the Jade Gong, the Greenwich Village Follies Revue to be presented at the Auditorium on the holiday, April 12.

We mention the plays given previously because the character comedians who made such a hit as Arabella and Lem the sheriff, and Bobby and Zola will appear again with James Howe, the infinitely dialect portrayer. No one need guess who they are for everyone who knows Charles Keyes, advertising man for the Lowell Sun and Alice Keyes, former president of the Girls' City Club, and James Howe, noted high school and actor. As Mr. and Mrs. Camps and the baby, their act will be a fittingly laughable entertainment sketch connecting the world but beautiful oriental scene, the Temple of Joss, and the very snappy, bright, gay Greenwich Village comedy of the second act. Charlie Keyes as a nervous but devoted parent of an overbearing son is surely something new.

United Effort

THE marvelous precision and accuracy of "warp, weft, and shuttle" in the loom, exemplify the efficiency of co-operation and united effort.

In sixty mills more than 35,000 skilled workers are making a united effort to produce woolen and worsted fabrics of dependable value for the millions who need them.

And through that unity—the elimination of waste, the use of efficient machines and the co-operation which only fairly-treated employees can give—the American Woolen Company is annually producing millions of yards of fabric which enables the people to buy good clothing at fair prices.

Berton Braley's Daily Poem POSSESSIONS

Much time and toil I've given for
The things that I have striven for,
My car, my clothes, the little cash I own;
Possessions not imperial
But solid and material,
Which give to life a certain dulcet tone.
I like to have and use them all
And yet if I should lose them all;
Still I could smile and watch my wealth depart;
Let worldly chattels stray from me,
But, Fate, don't take away from me
The little dreams deep hidden in my heart!

Oh, poverty's no joke at all,
I don't like being broke at all,
I'm very fond of comfort and of ease;
I dread their loss most fearfully,
Yet I could bear it cheerfully
And start again to earn them by degrees;
Life's pretty bleak and bare withal
To one who lacks the wherewithal,
I know, because I've often made the test;
But not a wail you'll catch from me
If, fortune doesn't snatch from me
The little dreams deep hidden in my breast.

ANOTHER NORTH ADAMS CHARITY BALL FOR ST. JOHN'S HOSPITAL

At a recent meeting of the Ladies of Charity of St. John's hospital, final arrangements were made for the Charity ball, to be held in the Memorial Auditorium on the 20th inst. for the benefit of the hospital. Superintendent of the hospital, Superintendent of Schools, H. J. Malloy was appointed chairman of the committee; Thomas H. Malloy, secretary; Miss Rosa A. Dowd, treasurer. Various other sub-committees were appointed in which Charles J. Landers, Mrs. J. C. Landers and John F. Roane are included.

Miss Dowd, of the Vassar school, has charge of the distribution of tickets and may be reached through her telephone number 5580. It is understood that the various committees are working assiduously to make this event not only a financial but a social success. It is understood that the proceeds will be used as a nucleus for a fund with which to build a nurses' home in connection with the hospital. The need of such a home has been keenly felt for some years and the friends of the institution have recently shown a disposition to get behind the movement and make it a success. The charity ball at the Auditorium will afford an opportunity to help in this good work.

NAMED U.P.R.R. DIRECTOR

SALT LAKE CITY, Utah, April 11.—Election of Heber J. Grant, president of the Mormon church, as a director of the Union Pacific railroad at the annual stockholders' meeting here yesterday was the only change made in the directorate of the road. He succeeds the late William G. Rockefeller.

San Francisco hubbly didn't know his wife got a divorce. You just can't keep track of these women.

"Potatoes Did It" Says Girl Who Danced 27 Hours

MISS ALMA CUMMINGS AFTER
HER WORLD'S RECORD DANCE OF
27 HOURS.

in Paris, and of an Englishman, Victor Hindmarch, who last month established a record of 25 hours.

And now she is challenging the entire world to outdance her. She says she can dance 48 hours continuously. She wasn't in the least tired, she says, when she concluded her record-breaking dance. Statisticians figure that if she had danced in a straight line, she would have danced 65 miles or more than two-thirds of the way from New York to Philadelphia.

What is the secret of the young woman's indefatigability? A vegetable diet, generally, potatoes specifically. Miss Cummings doesn't see how she could get along without them. But nuts, they can't be doled out with butter, nor hashed in cream nor disguised with a rich coating "au gratin."

"I don't eat a bit of animal food," explained the champion, "neither milk, nor butter nor eggs nor cheese. Anybody who wants to outdance me will find the following tips useful:

"Stick to a vegetable diet. Sleep nine or ten hours every night. When the actual test comes, keep your mind off everything. Just joke and have a good time."

Anybody can dance 24 hours, she says. All that's needed is will-power.

The only other time Miss Cummings ever participated in an endurance dance was several years ago when she and her brother danced 12 hours "just for fun."

BOY STOWAWAYS NEAR STARVATION ON SHIP

PORTLAND, Me., April 11.—Six slices of bread was the only food two boys had during their first three days as stowaways on the steamship Cassandra, which arrived here yesterday. This was carried in their blouses when they evaded the officers in boarding the ship at Glasgow, their home. Only a slice a day was eaten. They gave their names and ages as Thomas Smith, 15, and William Hay, 19. Driven from their hiding place in the hold, by hunger, they spent part of the fourth night searching for food, securing several pieces of cheese from a galley. They gave themselves up on

the fifth day, and were set to work. They will be sent back on the Cassandra.

PLEBIAN COD TO GET ATTENTION

BOSTON, April 11.—The plebian cod of the Atlantic is about to receive an attention to which the aristocratic salmon of the Pacific has become accustomed. Dr. H. B. Dikelow, one of the curators of the Harvard museum of comparative zoology, made public yesterday his plans for tagging and tracking the cod, and other fish of coastal waters on behalf of the United States bureau of fisheries. He will sail with a party of scien-

tific fishermen in the fisheries vessel Halcyon on April 23, for Nantucket Shoals, where the operations will be conducted. All fish caught will be tagged with a light piece of metal clipped into a fin and put back in the ocean. Fishermen have been asked to send word of the place and circumstances when any tagged fish is caught, with a promise of 25 cents for each tag returned. The design is to learn more about the migratory habit of common New England fish, where and how they breed, how they grow and how prolific they are.

How Millions of Thoughtful Mothers
Protect Their Families from Daily Dangers
— a great health principle —

WHEN the great plagues swept Old World cities, ancestors of yours were there. Millions died in the blight of the Black Terror. That is why you dread dirt by instinct. That is why you are forever demanding cleanliness for your children.

Modern science has confirmed your belief. Dirt IS the arch-destroyer, the universal breeder of disease.

We no longer call epidemics an evil spell. We fight them. We try to overcome the causes. All the resources of civilization are arrayed against disease.

In this great struggle the mothers of the nation must take the most important part. For you are the "Health Doctors" of your families. The responsibility is yours.

life's best possession

Health is life's most precious possession. It is the very foundation of good looks and vivacity, happiness and success. In every country of the world the first question is "How are you?"; the favorite toast, "To your health!"

There can be no health without cleanliness. Famous Research Boards have proved it. Health Boards repeat it.

But contamination is everywhere. The street dirt that grimes your children's hands and knees and faces almost certainly contains the germs of contagious diseases. When your husband returns from work his skin is filmed with dangerous dust.

What can you—the Health Doctor—do to safeguard your family?

a great discovery

Do you know that there is a wonderful skin-purifier, a soap unlike any other? A few years ago the world's

largest soapmakers determined to perfect a super-soap. It would be their contribution to the war against disease.

First they combined the finest vegetable oils that money could buy to make a soap perfectly pure and delightfully bland. This soap was so scientifically made that it was itself a powerful defence against disease-infested dirt.

One of the ingredients was rich, natural palm-fruit oil which is red. So the new soap was red. To insure abundant lather, purest oil of coconut was added.

But the makers were not satisfied even with this splendid soap. They wished to add a new element—a real health element.

After endless experiments they succeeded. Blended in the fine soap was a true purifying ingredient. Because this soap made possible new standards of cleanliness and health it was called LIFEBUOY.

The unique health element gave to the soap a distinctive, wholesome odor which quickly vanishes, leaving the skin completely purified and sweet.

a tribute to mothers

The makers believed that mothers and thoughtful women everywhere would welcome this remarkable health soap for the benefit of the whole family.

And they were right! Today Lifebuoy is probably the widest-selling toilet soap in the world. In millions of homes the rich, creamy Lifebuoy lather with its EXTRA health element is purifying and protecting.

It is true that Lifebuoy is an ideal complexion soap. Lifebuoy's reputation as a baby soap is well earned. Its popularity with men is proverbial. But above all Lifebuoy is the HEALTH SOAP for the whole family.

Enlist in the war against disease. Put a cake of Lifebuoy at every place where there is running water.

More than Soap - a Health Habit

After
Every Meal
WRIGLEY'S
The Great American Sweetmeat

Teeth were given to man to use.
Like our muscles, they need exercise
and plenty of it.

WRIGLEY'S provides pleasant
action for your teeth—also, the soft
gum penetrates the crevices and
cleanses them.

Aids digestion by increasing the flow
of saliva which your stomach needs.

Use WRIGLEY'S after every meal—
see how much better you will feel.

The perfect gum is made under
conditions of absolute cleanliness
from pure materials, and
comes to you in sanitary wax-
wrapped packets.

FRECKLES AND HIS FRIENDS

DISCUSS WORLD COURT

WASHINGTON, April 11.—Views of republican senators who look with disfavor on some features of the damianization proposal for American membership in the permanent court of international justice today were presented by Senator Hughes today by Senator Watson of Indiana, one of the republican leaders in the senate.

The conference developed a discussion lasting nearly two hours, in which the proposal was viewed in every detail including its political features. Senator Watson left the state department saying he was impressed by the logic of Mr. Hughes' argument but that his position on the matter was unchanged.

Senator Watson explained that he looked with disfavor on any proposition which would not safeguard the interests of the United States through equal representation for the United States in the body electing the judges composing the international court. He indicated that some arrangement might be made to accomplish that end.

Big Agricultural Fair

Continued

Crowds of 5000 have been entertained at the Golden Gate park at various club meetings conducted by the fair. A much larger number could be handled with ease, declared the representative of the horsemen, Congressman Rogers will speak in favor of this project at a meeting to be held at the Auditorium, May 11.

President C. D. A. Grasse of the Advertising club told the speaker that a committee had been appointed to investigate the possibilities of the fair. Miss Rose E. Trainer of the board of education, department of the blind, purpose of the third institute was to make assets out of liabilities through education. She stated that there was no need of begging on the streets by those who were blind. She requested the aid of members of the Advertising club to assist in making the exhibition of products made by the blind, to be held here April 21 and 22.

Continuing Miss Trainer declared

that the tax payers were supporting the institution, and that they should be given an opportunity to see the exhibit has been arranged.

H. M. Coverly of the entertainment committee introduced the third speaker of the meeting, Mr. S. W. Tabor, assistant advertising manager of the Boston Post, who told the members many interesting things about his paper. Advertising campaigns were emphasized by the speaker, in putting over new products and in increasing the sales of standard merchandise. The layout of display advertising shown by the speaker were examined closely by the Lowell business men present.

HOUSE OF DAVID TO FIGHT
LANSING, Mich., April 11.—Officials of the House of David will fight the state in its effort to curb the activities of the cult.

This was the message brought here today by Rev. Grosbeck by H. T. Sully, prominent member of the organization and William Barnard of Paw Paw, Mich., another attorney representing the cult.

Bank Calls For Police Protection

CHICAGO, April 11.—Officials of the West Side National bank today called for police protection when a crowd of depositors gathered. The bank has deposits of nearly \$2,000,000.

FRENCH FREE DR. HAMM FOR RHINELAND REPUBLIC

Taken by Military Escort to Dr. Dorten, Leader of Movement, Has Not Yet Met French Officials

BRUSSELS, April 11.—Dr. Edward Hamman, secretary of the chancery, who was arrested by the French occupational authorities at Scherbroek, yesterday, returned to Berlin today. He was taken by a military escort to the frontier of the occupied zone and there released with the admonition not to enter the district again.

Americans Visit Berlin
BERLIN, April 11.—(By the Associated Press.) The members of the American delegation to the congress of the International Chamber of Commerce held in Berlin, have arrived in Berlin for a brief visit. They will take the opportunity to obtain information on Germany's economic position from financial and industrial circles.

Town of Duisburg Fined
BERLIN, April 11.—The town of Duisburg has been fined 50,000 marks as a penalty for alleged damage to telegraph wires.

The burgomaster and his deputy were made personally responsible for the payment of the fine.

DISORDERS IN COMMONS
LONDON, April 11.—(By the Associated Press.) The house of commons was adjourned by the speaker this evening, until tomorrow, because of disorders in the chamber. The adjournment interrupted the government's effort to obtain the adoption of a motion similar to the one on which it was defeated last night.

OPPOSE PAROLE OF FATHER
BOSTON, April 11.—A plea for parole for James M. Ray of Fleeburg, who has served 23 years of a life sentence for criminal assault, made today by a delegation from the Scots Charitable society, was opposed by Miss Isabel Barr and William Barr, children of the man, who said they would be in fear constantly if their father were released.

ADJUSTING FIRE LOSS
Adjusters representing the insurance companies that hold policies on over the building today with Frederick F. O'Leary, for the city and Henry L. Williams, business agent of the school department, in an attempt to arrive at an accepted total of loss caused by the fire last Thursday night.

Commonwealth of Massachusetts
Middlesex, ss. Probate Court.
To the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of Katherine Madison, late of Lowell, in said County, deceased, intestate.

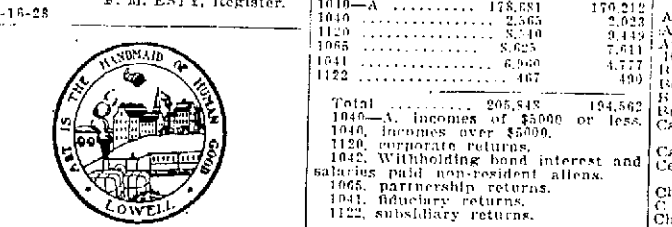

Corporation returns tax, showed a marked increase during the period indicated by an additional list of nearly 100 more taxable and a corresponding decrease in the number of non-taxable.

The fact that the total number of taxable returns of all classes remains practically the same while the total collections jump nearly \$7,000,000 is taken as a clear indication that this district enjoyed a return to more flourishing conditions and that Massachusetts' industries have resumed a more normal state of prosperity.

The following table shows the comparison of collections for last year and the year previous and also the number of returns by classification:

	1922	1923
Collections	\$30,685,822	\$37,685,557
No. of returns	101,418	333,245
Number of taxable returns	163,690	163,690
1010-A	188,160	188,160
1010-B	28,729	28,729
1120	8,619	8,619
1042	36	36
Total	195,604	195,604
Non-taxable returns:		
1010-A	178,681	178,681
1010-B	2,563	2,563
1120	3,410	3,410
1042	8,625	8,625
1041	6,960	4,777
1122	467	490

Reg. 7901. Water Works Dept.
2500 ft. old boiler tubing, 5 1/2 in. diameter.
Reg. 7940. Hospital-Charity
5000 lbs. butterine, to be delivered as called for.

The purchasing agent reserves the right to reject any or all bids.
EDWARD J. DONNELLY,
Purchasing Agent.
Lowell, Mass., April 11, 1923.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle tingle, loosens a croup, draws out soreness and pain.

Musterole is a clean white ointment made with oil of eucalypti, it has all the strength of the old-fashioned mustard plaster without the blister.

BETTER THAN A MUSTARD PLASTER.

It is expected that counsel for Dyer and his associates will be docked in the supreme court another case brought under the writ of error, granted by Justice Holmes and at that time will make another application for a stay of execution.

Deny Fish Dealers' Stay
Continued
To bring up for review the decision of the Massachusetts state court, Justice Holmes has granted a writ of error but had refused to grant a stay of execution.

Chief Justice Taft in announcing the action of the court said today, the application for a stay was premature because the only papers before the court were those in the application for a writ of certiorari and that the court had not yet decided whether it would grant or deny that application.

It is expected that counsel for Dyer and his associates will be docked in the supreme court another case brought under the writ of error, granted by Justice Holmes and at that time will make another application for a stay of execution.

CRIMSON CARNATIONS FOR REV. DR. FISHER
Rev. Caleb E. Fisher, D.D., pastor of the First Universalist church, was surprised last evening on the occasion of his 63rd birthday anniversary. A basket containing sixty three crimson carnations was the gift of the club of young men connected with the church. The surprise occurred in the church vestry and the evening was happily spent in the enjoyment of a musical program and refreshments. Manuel A. Aizer, president of the club, had general charge of the arrangements of the affair and the presentation to Dr. Fisher was made by Chester Bell.

FIRE IN DUMMER STREET TENEMENT
Fire shortly after 3 o'clock today caused some damage to a tenement in property at 65 Dummer street owned by D. A. Sakellariou. An alarm was sounded from alarm 114, Lewis and 14th streets. The fire had its origin in a clock near a stove and burned briskly for a few minutes.

To bring up for review the decision of the Massachusetts state court, Justice Holmes has granted a writ of error but had refused to grant a stay of execution.

Chief Justice Taft in announcing the action of the court said today, the application for a stay was premature because the only papers before the court were those in the application for a writ of certiorari and that the court had not yet decided whether it would grant or deny that application.

It is expected that counsel for Dyer and his associates will be docked in the supreme court another case brought under the writ of error, granted by Justice Holmes and at that time will make another application for a stay of execution.

CRIMSON CARNATIONS FOR REV. DR. FISHER
Rev. Caleb E. Fisher, D.D., pastor of the First Universalist church, was surprised last evening on the occasion of his 63rd birthday anniversary. A basket containing sixty three crimson carnations was the gift of the club of young men connected with the church. The surprise occurred in the church vestry and the evening was happily spent in the enjoyment of a musical program and refreshments. Manuel A. Aizer, president of the club, had general charge of the arrangements of the affair and the presentation to Dr. Fisher was made by Chester Bell.

FIRE IN DUMMER STREET TENEMENT
Fire shortly after 3 o'clock today caused some damage to a tenement in property at 65 Dummer street owned by D. A. Sakellariou. An alarm was sounded from alarm 114, Lewis and 14th streets. The fire had its origin in a clock near a stove and burned briskly for a few minutes.

ANNIVERSARY OF DEATH SIR GARDNER ENGLEHART OF EX-KING CHARLES

BUDAPEST, April 11.—(By the Associated Press) The anniversary of the death of former King Charles was commemorated yesterday at a solemn high mass celebrated in the coronation church by Cardinal Csernoch. Among those present were Admiral Horthy, Archduke Joseph, Archduchess Isabella, and the entire royalist aristocracy.

A catafalque, hung with crepe, was surmounted by the Austrian and Hungarian crowns, symbolizing the double claim of the Hapsburg dynasty. The entire Budapest garrison was on parade.

The anti-royalists have served notice that they will interpellate the government on "the renewed Hapsburg propaganda which is officially supported."

Oldest English Barrister, Who Recently Celebrated 100th Birthday, Dies in London

LONDON, April 11.—Sir Gardner Englehart, the oldest English barrister, died yesterday. He celebrated his 100th birthday in February.

Sir Gardner was born when George IV was king. He entered public life in 1850, holding various official posts. He had the friendship of many men prominent in British history, including Edward VII, in whose entourage he visited the United States and Canada while Edward was prince of Wales. Sir Gardner was also a friend of King George and Queen Mary, who were among the first to congratulate him on his recent centenary.

THE HIGH SCHOOL ALUMNI STUDENT ON TRIAL FOR MURDER OF WATCHMAN

Association Will Meet This Evening—Report by Spalding Park Committee

The High School Alumni association will hold its annual meeting tonight in the high school. This meeting is of the greatest importance as plans for rehabilitating Spalding park and arranging for its use as a baseball field this spring will come before the meeting. The committee which was appointed a year ago to study the purchase of the park is to report at this meeting and their report will be of the greatest interest to every graduate of the local high school. Other business that will come before the meeting will be the presentation of the picture of the late Cyrenus W. Irish, for many years headmaster of the school. The money for this picture has been collected, but it is believed that a small sum will be necessary for framing this work of art.

LEXINGTON, Ky., April 11.—Interest in the trial of Warren Middleton, student at the University of Kentucky, charged with the murder of Joseph Self, University night watchman, was at a high peak today. Self was killed and Middleton severely wounded in an exchange of pistol bullets on the university campus on the night of Feb. 10.

Police officials declared Self said in a dying statement that he was standing upon when he opened the door of an automobile he had found upon the campus and emptied his revolver into the machine after he had been felled by a bullet.

Clayton Coleman, a student at the university, who was Middleton's companion in the automobile, testified at the student's examining trial that she was unable to say which of the principals was first to fire.

presiding at the meeting, selected Donald Chase, William Dawson and Harold Robinson, to make the necessary arrangements.

SAYS HIBBIN DESTINED TO BECOME PRESIDENT

NEW HAVEN, Conn., April 11.—Prof. William Lyon Phelps of Yale, toastmaster at a Phi Kappa dinner here last night, said which President John F. Hibbin of Princeton was a speaker predicted in jest that the latter was destined to become president of the United States. Phelps said Prof. Phelps, in 1907, when I was toastmaster at the Phi Kappa banquet, William Howard Taft, then secretary of war, sat at my right. When Taft spoke, he made the speech in Latin, he predicted that Taft would be the next president. From that moment Taft's chances became good.

"In 1908, I was again toastmaster and Woodrow Wilson sat at my right. No long after his election as president, it is therefore logical to predict that President Hibbin will have the same honor since he sits at my right hand tonight."

AMUSEMENT NOTES

THE STRAND
"Mad Love" is one of the most startling, melodramatic screen offerings of the season. You will see it when you see Pola Negri portray the role of Sappho, a notorious beauty, who has won of all states in life and all ages paying homage to her. The last showings will be given today. Don't miss it. William Russell in "The Great Night" the accompanying play on the bill.

For the last three days of the week, starting with tomorrow, Priscilla Dean in "The Flame of Life" and Katherine MacDonal in "Domestic Relations" will be the features of the Strand. The former is a picturization of a Universal novel, Miss Dean is too well known to need further introduction. Her name passes her introduction to good pictures and this is her latest. The latter is a synonym for good pictures and this is her latest. The general rule. Wallace Berry and an all-star cast assist.

MERRIMACK SQUARE THEATRE
Final performances of "Jack" starting the great laugh-dinner of the screen. Harold Lloyd, will be given at the Merrimack Square theatre this evening. "Jack" has been turning them away all week since he took his office at the popular Paige street theatre. He's the greatest cure for the blues that has since been known. Final consultation will be held this evening at 8:30 when this long comedy will be thrown on the screen for the last time.

The other feature of the current program is "The Second Middle," starring Ethel Clayton in a human interest comedy-drama that wrings one's emotions.

Tomorrow afternoon there will be a complete change in program at the Merrimack Square theatre. The feature attraction will be "Java Head," a big George Melford production with a cast of stars and a colorful plot. "Java Head" is a story of old Salem, Massachusetts, Salem of the glorious clipper ship days, when sailors from all parts of the world came into this quaint port town.

Salem is only a few miles from Lowell and hundreds of Lowell people are familiar with the very scenes pictured in this big production. The picture was taken last fall and all the famous places of interest in the city to the south are included in the reels that unfold this seductive story of olden days.

Special local interest is added to the production by reason of the fact that George Fawcett and Raymond Hatton, two of the best known stars of the screen, who take leading parts in this production, were the guests of the Merrimack Square management while "Java Head" was being filmed and both addressed an audience in the theatre. The other feature for the week end is "Luck," a whirlwind comedy starring Harold Lloyd and Johnny Hines.

R. K. KEITH'S THEATRE
"Little Driftwood," a comedy with music, in one act, with Florence Gast & Co. is the headline attraction at the R. K. Keith Theatre this week. It is decidedly above the average in entertainment qualities, and, besides, it holds the engaging personality of Miss Gast. This is one of the main features of the week. Her ever charming and Helen Broderick are great character actors with an odd style of comedy, and Robert Henry, Hodge with the amuse, and farce. Bill Haines, a comedian, supplies one of the top spots of the bill. Maude Ryan and Charles Innes are a conversational battle, which brings with them a touch of the classic and a dash of the modern. The Peppi duo are musicians, a singer and the other a dancer and Kay, Hamlin & Kay close the bill with a whirlwind of stunts.

CROWN THEATRE
Hungry Hearts are the same all over the world and a story or picture which depicts emotions that are common to all is destined to have a universal appeal, no matter in what country or age its action takes place. Such a play is presented at the public in "Hungry Hearts," a picture of the picturization of the volume of short stories written by Anna Yezzerka, which comes to the Crown Theatre today for two days.

ATTACHMENT FILED
An attachment for \$1000 in an action of contract has been placed against the property of Albert Lambert of this city. It is requested to appear before the justice of the district court in Lowell, the fourth Saturday in April to answer to James E. Giffen.

PROBE CONVICT'S DEATH

Said to Have Been Brutally Flogged in Lumber Camp Where He Was Leased

MADISON, Fla., April 11.—The grand jury investigating the death of Martin Tabert of North Dakota, who it is alleged, was brutally flogged in a lumber camp where he was leased as a convict, today called former guards at the camp and former convicts who say they were whipped.

Walter Higginbotham, convict boss, who is being held on a charge in connection with Tabert's death, was brought here to await the outcome of the grand jury's action. The state, it is understood, will ask an indictment against Higginbotham.

The defense will attempt to show that Tabert died of complication of diseases brought about by fever.

RAN DOWN GROUP OF WOMEN MARCHERS

NEW YORK, April 11.—John Floyd, who deserted his taxicab last night after playing through a group of Salvation Army women marching across Washington Heights bridge, injuring nine of them, was arrested today charged with assault.

One of the injured, Miss Mabel Coleman, 18 years old, has a fractured skull and may die.

A SCHOOL GIRL'S SUCCESS

Everything Depends upon her Health

Mrs. George E. Whitacre Tells of her Daughter's Breakdown and How Lydia E. Pinkham's Vegetable Compound Made Her a Healthy, Happy, Strong Girl

Every mother possesses information of vital importance to her young daughter, and the responsibility for her future is largely in her hands.

When a school girl's thoughts become sluggish, when she suffers the consequences of wet feet, pain, headaches, fainting spells, loss of sleep and appetite, and is irregular, her mother should have a thought for her physical condition and try Lydia E. Pinkham's Vegetable Compound, which has proved a reliable aid to nature for just such conditions in so many cases.

This Mother Writes:
"I would like to say a few words about Lydia E. Pinkham's Vegetable Compound. About a year ago I thought it would be necessary for me to take my daughter out of school. She was losing weight, was nervous, and when she would come home from school she would drop into a chair and cry, and say, 'Mamma, I don't believe I gave her Lydia E. Pinkham's Vegetable Compound, and now she is a healthy, happy, hearty, strong girl and weighs 120 pounds. She has no difficulty in doing her 'gym' work, and she works at home every night and morning, too. I am a mother who can certainly praise your medicine, and it will be of any benefit you may use this letter as a reference.'—Mrs. GEORGE E. WHITACRE, 621 W. Madison Avenue, Mahoningtown, Pa.

Every girl ought to be healthy and strong, and every mother wants her daughter to do well in school and to enjoy herself at other times.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for young women just entering womanhood. Mothers can depend upon it. It is prepared from roots and herbs, contains nothing harmful, and has great power to tone up and strengthen the system, so it will work in a healthy and normal manner.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been used by women of all ages, and these women know its great value. Let it help your daughter and yourself.

NEW STRENGTH AND ENERGY
FOR WEAK, NERVOUS PEOPLE
Elevita Pills Enrich the blood, strengthen the Nerves, Build Up Physical Power, Give Vigor and Nerve Power to Nervous, Tired, Out of Condition People.

Elevita Pills have also on the list for over 30 years. Thousands praise them for run-down condition, general weakness, nervous prostration, nervous weakness, nervous exhaustion, mental depression, and all the ailments that come from a lack of blood and nerve power.

Elevita is a bitter tonic. It stimulates the appetite and aids digestion. It is a powerful purgative. It has proven to be a powerful aid in the treatment of dyspepsia and nervous and irritable stomachs. It is a powerful aid in the treatment of all the ailments that come from a lack of blood and nerve power.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c—Adv.

PURIFY YOUR SLUGGISH BLOOD

IN Winter you eat freely of rich, heavy foods and do not get enough outdoor exercise. As a result, your blood is impure and sluggish when spring comes. You feel dull and sleepy, have no energy or ambition, and are easily tired.

Don't drag yourself around in that half-alive way all the spring. Begin today to take Gude's Pepto-Mangan, the most widely used and effective of all spring tonics. Your druggist has it, in both liquid and tablet form.

Gude's Pepto-Mangan Tonic and Blood Enricher

Good For DIGESTION

The blessings of good digestion are appreciated most by sufferers from indigestion. To them is "L. E. A." Alwood's Mediemo itself a blessing. It sweetens the stomach, aids digestion by stimulating production of digestive fluids and secretion of bile, stirs a sluggish liver, promotes thorough elimination of poisonous wastes, and gives these organs healthy tone.

Large bottle, 50 cents; small bottle, 25 cents. All dealers.

ADVENTURES
OF THE TWINS

Olive Roberts Barton

THE SCRAP-PICTURE SHEPHERDESS

AT THAT MINUTE ALONG CAME A PRETTY SCRAP-PICTURE SHEPHERDESS.

The twins were so busy eating goodies that they didn't notice they had left the road that led to the Cut-Out Lady's house.

When they were through with their sundae, Nick asked a fountain that sprayed ice cream sodas a little distance away. When they were through with their sodas, Nancy spied some even sweeter with pop-corn balls on them. Then Nick discovered a bush covered with chocolate-balls, and Nancy noticed a field of lily-pops of all colors and flavors, growing like bright tulips in a flower bed.

Of course they had to wander around that for a while, deciding whether they would rather have a brown butter-scotch jolly-pop or a red strawberry one or a yellow one flavored with lemon, or a green mint one. Nancy took a strawberry and Nick took a lemon.

After that the twins discovered two things at the same time. They discovered that they were lost and that each of them had a pain.

"Oh, my," said Nancy. "I wish I hadn't eaten so much."

"Oh, goodness!" said Nick. "I wish I hadn't either."

"Where are we?" was Nancy's next remark.

"I don't know," answered Nick. "I'll bet you're lost! Oh, there's a sign over there. Let's go and see what it says. So they went over and read it and it said, 'This way to Cut-Out Lady's house to Master Land.'"

"Ugh!" exclaimed Nick. "Ooooh!" exclaimed Nancy. "I don't want to go to either place," said Nancy.

"Neither do I!" said Nick. "I don't know." So they sat and sat and felt worse and worse every minute.

At that minute along came a pretty scrap-picture shepherdess and when she saw the twins she stopped.

"Good day," she said pleasantly. "Good day," answered the twins.

"Will you please tell us the way to the Cut-Out Lady's house?"

"Come with me first," said the shepherdess. "I live in that granulated sugar Easter-egg over there."

JUSTICE HOLMES GRANTS
FISH MEN WRIT OF ERROR

WASHINGTON, April 11.—A writ of error has been granted by Justice Holmes of the supreme court to Frederick M. Dyer and other convicted in the courts of Massachusetts and sentenced to varying terms in the house of correction at Boston, for violating a state law prohibiting combinations in trade and business of certain persons and firms engaged in selling fresh fish.

It also was charged they had created a monopoly in fresh fish within the state.

Dyer and his associates contended

Commonwealth of Massachusetts—

Middlesex, ss. Probate Court.

To the heirs-at-law, next of kin and all other persons interested in the estate of Daniel P. Knowlton, late of Lowell, in said County, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate by Daniel P. Knowlton and Ivan O. Small, who pray that letters testamentary thereon named said Daniel P. Knowlton, deceased, as Ivan Small, without giving a surety on their official bond.

You are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the eleventh day of April, A. D. 1923, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioners are hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be on one day, at least, before said Court, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, George F. Lawton, Register, First Judge of said Court, this twenty-fourth day of March in the year one thousand nine hundred and twenty-three.

F. M. ESTY, Register.

m224-11

that in the trial court, prejudicial evidence had been improperly admitted. The supreme judicial court of the state decided that certain evidence had been admitted improperly as far as charges based on the common law were concerned, but that the evidence could properly be considered in determining whether the law in question had been violated.

An application for a writ of certiorari was filed in the supreme court, but apprehensive that a review of the case might not be obtained by that means, counsel for the accused sought and obtained a writ of error. It is expected that the supreme court will decide today whether it will issue an order suspending the execution of the sentences imposed by the Massachusetts court until it has an opportunity to pass upon the legal questions raised.

Will Not End Sentences

BOSTON, April 11.—The writ of error granted by the supreme court of the United States yesterday in the case of members of the Bay State Fishing Co.—popularly known as the fish trust—found guilty by a jury of

FIND VALUABLE
HISTORIC DATA

LONDON, April 11 (By the Associated Press).—Recent dispatches from U. L. Woolley, director of the joint archaeological expedition sent to the ancient city of Ur, in Babylonia, by the University of Pennsylvania and the British Museum, show that the Temple of the Moon God has been almost completely uncovered and that the main wall of the temenos, or enclosure, has been traced for a considerable distance. Inscriptions and tablets have been found in large numbers. These tablets are of unbroken clay and highly fragile. Mr. Woolley has devised a new method for their preservation, which is more elaborate than any hitherto applied. The few tablets that have been examined so far are of the Sumerian period, about 2000 B. C., and relate to accounts, money and so forth. It is impossible, however, to estimate their value until they have been subjected to a more careful examination. Sculptures of some size were discovered toward the close of the excavations, but particulars of these have not yet been received.

Enter a floor of the Persian period (600 B. C.) a hoard of jewelry was found. It included gold and silver bracelets, gold rings, a gold statuette of a woman, silver bowls, necklaces of semi-precious stones, and other objects.

ROSTER OF CIVIL
WAR VETERANS

BRADFORD, Pa., April 11 (By the Associated Press).—Because only eight of the 134 civil war veterans who made up the Roster No. 7, Union Veterans, are still living, and only three of this number are able to leave their homes, the roster has been presented to the McKean county historical society for preservation. The enrollment has not been able to hold a meeting for over a year.

The enrollment was made up of veterans who flocked to Bradford with the discovery of oil in this region soon after the close of the war. They represented more than 100 regiments, and most of them had been wounded in action. New York contributed 41, Pennsylvania 39, Ohio 12, Wisconsin 10, Massachusetts and Vermont three each, Illinois and Connecticut two each, and Indiana, Kansas, Missouri and Michigan one each. They played an important part in the oil development of the region and to this day the remaining members are numbered among the most respected residents of the community.

SWISS PORTIUS UPHELD
BERNE, April 11.—Friedrich Roeder won her first case in law in the Swiss supreme court, which sustained her plea for admission to practice in Swiss courts. She passed the bar examination, but the canton of Fribourg denied her the right to practice because she was a woman. The supreme court upheld the claim of woman's equality in the law.

Jack Daw in Candy Land. Chapter 18

"Hello there, Jelly Beans," shouted Jack. "Well, how did you know our names?" asked one of the little candies. "Oh, I know a jelly bean when I see one. I've eaten lots of jelly beans," replied Jack. And then, as the little beans looked scared, he hurriedly added, "But I won't eat any of you."

At this moment a fancy little French bonbon came walking by and the little jelly beans shouted "Hello!" But Miss Bonbon didn't even look at them. "Why doesn't she speak to you?" asked Jack. "Oh, they are just common jelly beans and she's a stuck up fancy candy. That's why," said Caramel.

"Well," replied Jack, "I believe I like jelly beans the best." This pleased the funny little curved candies and they told Jack they would do a trick for him to show their appreciation. In an instant they were marching around and soon had formed into lines that made Jack's initials. (Continued.)

effecting a monopoly in fish, will not in the present stage of the federal proceedings, interfere with the sentences now being served by 15 men at the Deer Island house of correction. It was understood here yesterday. Application for a stay of execution is a secondary step planned by counsel for the convicted men that may be taken at Washington today.

FIND VALUABLE
HISTORIC DATA

LONDON, April 11 (By the Associated Press).—Recent dispatches from U. L. Woolley, director of the joint archaeological expedition sent to the ancient city of Ur, in Babylonia, by the University of Pennsylvania and the British Museum, show that the Temple of the Moon God has been almost completely uncovered and that the main wall of the temenos, or enclosure, has been traced for a considerable distance. Inscriptions and tablets have been found in large numbers. These tablets are of unbroken clay and highly fragile. Mr. Woolley has devised a new method for their preservation, which is more elaborate than any hitherto applied. The few tablets that have been examined so far are of the Sumerian period, about 2000 B. C., and relate to accounts, money and so forth. It is impossible, however, to estimate their value until they have been subjected to a more careful examination. Sculptures of some size were discovered toward the close of the excavations, but particulars of these have not yet been received.

Werrenrath is Accorded Enthusiastic Reception by Appreciative Audience

No finer song recital than that given by Rudolph Werrenrath, baritone, at the Memorial Auditorium last evening ever has been heard in Lowell, and in like measure, no yielding artist within memory has been accorded a more spontaneous or enthusiastic reception. On Monday, 1900, he was present to give him and for two full hours, the beauty of his voice and were thrilled at the Metropolitan star's matchless artistry.

And, indeed, Werrenrath is an artist in every sense and meaning of the word. He is a man of rare beauty, which he performs with ease and grace, and indication of a highly cultured mind, of course is the corner-stone of his success, but upon that splendid foundation he has fabricated a musical structure of surpassing excellence in which he gave, artistry and personality play equal and most important parts.

Werrenrath anticipates his audience's desires and sings the songs he knows they want to hear. For instance, last night he gave, among others, "The Wreck of the Julio Plant," "Smiling through," "The Road to Mandalay" and the "Kashmir Song." It is just wonder his audience was loath to let him go and end in the aisles and even came back into the building to hear him sing "King Charles."

More than a mere significant, portrayal, that on Werrenrath's first appearance upon the stage of the Memorial Auditorium he sang under the auspices of the Lowell Choral society, such organization first introduced him to a Lowell audience seven or
